Recognizing the need for the Regional Centre to pursue effectively its expanded function,

Expressing its appreciation to the Regional Centre for its organization of substantive regional meetings at Kathmandu and at Sapporo, Japan, in 1997,

C

Convention on the Prohibition of the Use of Nuclear Weapons

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Bearing in mind the advisory opinion of the International Court of Justice of 8 July 1996 on the Legality of the Threat or Use of Nuclear Weapons,<sup>5</sup>

Convinced that a multilateral, universal and binding agreement prohibiting the use or threat of use of nuclear weapons would contribute to the elimination of the nuclear threat and to the climate for negotiations leading to the ultimate elimination of nuclear weapons, thereby strengthening international peace and security,

Conscious that some steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of the complete elimination of nuclear weapons,

Recalling that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly,<sup>6</sup> it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Determined to achieve a universal nuclear weapons convention prohibiting the development, production, stockpiling and use of nuclear weapons, leading to their ultimate destruction,

Stressing that an international convention on the prohibition of the use of nuclear weapons would be an important step in a phased programme towards the complete elimination of nuclear weapons within a time-bound framework,

---

<sup>5</sup> A/51/218, annex.

<sup>6</sup> Resolution S-10/2.

Noting with regret that the Conference on Disarmament, during its 1997 session, was unable to undertake negotiations on this subject as called for in General Assembly resolution 51/46 D of 10 December 1996,

1. Reiterates its request to the Conference on Disarmament to commence negotiations, in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances, taking as a possible basis the draft Convention on the Prohibition of the Use of Nuclear Weapons contained in the annex to the present resolution;

2. Requests the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

#### ANNEX

Bearing in mind the advisory opinion of the International Court of Justice that there exists an obligation of all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

Determined, therefore, to achieve a universal nuclear weapons convention prohibiting the development, production, stockpiling and use of nuclear weapons, leading to their ultimate destruction,

Convinced that the present Convention would be an important step in a phased programme towards the complete elimination of nuclear weapons within a time-bound framework,

Stressing the importance of informing, educating and generating public understanding of the importance of and support for multilateral action, including action by the United Nations and the Conference on Disarmament, in the field of arms limitation and disarmament, in a factual, balanced and objective manner,

Noting the delay in the publication of the 1996 United Nations Disarmament Yearbook,
