A. Summary of financial and post requirements	25
1. Total budget and posts	25
2. Summary of the proposed programme budget	26
3. Summary regular budget estimates, by object of expenditure.	30

* Reissued for technical reasons on 1 June 2015.

** The approved programme budget will subsequently be issued as A/70/6/Add.1.

4.	Established and temporary posts authorized for the biennium 2014-2015 and proposed for the biennium 2016-2017 under the regular budget	31
5.	Rates of exchange of various currencies relative to the United States dollar and annual rates of inflation for 2014 to 2017, by main duty station	37
6.	Post adjustment multiplier and cost-of-living adjustment for 2014 to 2017, by main duty station	37
7.	Biennial provision of post resources in 2016-2017 arising from new posts established in 2015, by budget section	38
B.	Other factors underlying the budget proposals	38
8.	Estimates of other assessed funds for the bienniums 2014-2015 and 2016-2017, by budget section	38
9.	Estimates of extrabudgetary funds for the bienniums 2014-2015 and 2016-2017, by budget	40
10.	Proposed resources at the Nairobi duty station under selected budget sections	43
11.	Proposed training resources	43
12.	Information technology resources for the bienniums 2012-2013 to 2016-2017	44
13.	General temporary assistance positions as at 31 March 2015	45
14.	Posts authorized under the regular budget that have been vacant for two years or more	48
15.	Proposals for travel of staff under the regular budget (excluding special political missions), by budget section	49
16.	Budget sections for which the programme of work has been reviewed by programme review bodies	52
17.	Summary of follow-up actions taken to implement recommendations of the Advisory Committee on Administrative and Budgetary Questions on cross-cutting issues	55
18.	Prototypes of the proposed new layout of outputs to be introduced in the proposed programme budget for the biennium 2018-2019	57

Foreword

It is my honour to submit the proposed programme budget for the biennium 2016-2017. Consistent with past practice, the proposals reflect the outcome of a long process that started in 2013 with the preparation of the strategic framework, continued during 2014 with the preparation of the budget outline and concludes with the finalization of the proposals contained herein.

In formulating the proposals, paramount consideration has been given to aligning the activities of the Organization with the priorities identified by the General Assembly in its resolution 69/264.

Although an overall budget outline level of \$5,741.2 million was presented to the General Assembly during its review of the budget outline, the Assembly invited me to prepare the proposed programme budget for the biennium 2016-2017 on the basis of a preliminary estimate of \$5,558.4 million.

In presenting my proposals, I can assure Member States of the continued commitment of my staff and myself to enhancing the effectiveness and efficiency of the Secretariat in performing the tasks assigned to it. Upon assuming my office in January 2007, I made a pledge to bring greater transparency, accountability, efficiency and mobility to the United Nations. The proposals before you continue to reflect this commitment.

We have continued to modernize our business practices over the past years through transformation initiatives such as Inspira, the International Public Sector Accounting Standards and Umoja, and resources have been included in the proposals for the continued implementation of such initiatives. The establishment of a managed mobility framework is another historic development for the United Nations, as it allows us to manage our most precious resource — our staff — far more strategically than we did. It is part of a broader strategy to build a modern and truly global Secretariat, one that is more flexible and responsive to the many pressing demands on the international agenda. A strong, dynamic and modern United Nations can better serve Governments and peoples.

While the Organization is fully committed to the successful implementation of Umoja, a deeper understanding will be required of how Umoja will change the ways departments and offices operate. As it is too early to determine the specific future impact of Umoja, the proposals include the flexible option of freezing posts as an interim measure. While firm in financial terms, the specific composition of the post freezes, without affecting mandate delivery, will be determined during 2016-2017, when the impact of Umoja will be clearly defined.

Resources are included in the biennium 2016-2017 for new and extended mandates that have been approved by the General Assembly, including, inter alia, the Secretariat's contribution to the United Nations resident coordinator system; the second phase of the strengthening and upgrading of UNEP; undertaking public information activities bearing in mind the principle of parity of all six official languages, while respecting the workload in each official language; strengthening and effective functioning of the human rights treaty body system; construction projects relating to the renovation of the Africa Hall building and the seismic mitigation and replacement project in premises of the Economic and Social Commission for Asia and the Pacific (ESCAP); support for the United Nations Conference on Housing and Sustainable Urban Development (Habitat III), to be held in Quito in 2016; and requirements for the International Court of Justice.

The year 2015 is set to be a defining year for sustainable development. In July, Member States will gather in Addis Ababa to sign a renewed deal for bold actions on financing and other means of implementation, concrete deliverables and the global partnership for sustainable development. In September, world leaders will sign off on a universal and transformative post-

2015 development agenda, including the sustainable development goals. Finally, in December, Governments will gather in Paris to forge a new path on climate change and adopt a meaningful, universal and transformative climate change agreement.

Through these agreements, Member States will have the extraordinary opportunity of devising a new global development compact that pursues economic growth, structural transformation, environmental sustainability and social protection. The United Nations will have to be prepared to adapt in order to support Member States in this ambitious endeavour. This is not only a new universal agenda, but one that is coming together in a complex and fast-changing world. The outcome of these meetings will impact the proposals before you.

This year, the United Nations marks its 70th anniversary. This anniversary is a powerful reminder of the vital need to protect and continually promote the principles of the Charter and serves as the dawn of a new era for development. While I am convinced that my proposal reflects a conscientious effort to gauge the needs of the Organization for the next two years, our work does not stop here. We will continue to search for better ways of doing our work and will find practical measures that need to be taken to strengthen adapt and equip the United Nations to better implement its mandates in future.

The decisions the General Assembly will take are fundamental to the ability of the United Nations to adapt to the changing global landscape. I trust that the proposed programme budget provides Member States a basis on which to deliberate and decide on the purpose, plan of action and role of the United Nations for the biennium 2016-2017. I commend these proposals to the attention of the General Assembly.

(Signed) **BAN** Ki-moon

Introduction

1. The proposed programme budget has been prepared within the framework of the approved biennial programme plan and priorities for the period 2016-2017, set out in General Assembly resolutions 69/17 and 69/264, and includes a proposed amount of \$5,568.6 million before recosting. When compared with the amount of \$5,659.4 million approved for the biennium 2014-2015, including additional appropriations approved in the first part of its resumed sixty-ninth session (section VI of resolution 69/274 refers), the proposal reflects a net reduction of \$90.8 million, or 1.6 per cent.

A. Priorities of the proposed programme budget

2. The priorities for the period 2016-2017 include: (a) promotion of sustained economic growth and sustainable development, in accordance with the relevant resolutions of the General Assembly and recent United Nations conferences; (b) maintenance of international peace and security; (c) the development of Africa; (d) promotion of human rights; (e) effective coordination of humanitarian assistance efforts; (f) promotion of justice and international law; (g) disarmament; and (h) drug control, crime prevention and combating international terrorism in all its forms and manifestations. The distribution of proposed resource changes per priority is reflected in table 1 below.

Table 1 **Budget parts and sections by priority item**

Priority	Budget part and sections	Resource changes		
		Thousands of United States dollars	Percentage	Post changes
Promotion of sustained economic growth and sustainable development, in accordance with relevant resolutions of the General Assembly and recent United Nations conferences	Part IV, International cooperation for development (sections 9, 10, 12, 13, 14, 15 and 17) Part V, Regional cooperation for development (sections 19-23) Part XIII, Development Account (section 35)	7 583.2	0.9	33
Maintenance of international peace and security	Part II, Political affairs (sections 3, 5 and 6)	7 134.8	0.5	(13)
Development of Africa	Part IV, International cooperation for development Part V, Regional cooperation for development (sections 11 and 18)	(2 003.9)	(1.2)	–
Promotion of human rights	Part VI, Human rights and humanitarian affairs (section 24)	(10 418.5)	(5.0)	–
Effective coordination of humanitarian assistance efforts	Part VI, Human rights and humanitarian affairs (sections 25-27)	(4 194.9)	(2.3)	(1)
Promotion of justice and international law	Part III, International justice and law (sections 7 and 8)	2 668.5	2.7	–
Disarmament	Part II, Political affairs (section 4)	(806.9)	(3.2)	–
Drug control, crime prevention and combating international terrorism in all its forms and manifestations	Part IV, International cooperation for development (section 16)	(789.9)	(1.8)	(1)

B. Methodology

3. The methodology used in preparing the resource requirements for the proposed programme budget is based on the principles set out in General Assembly resolution 47/212, the Financial Regulations and Rules of the United Nations and the Regulations and Rules Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation. Under that methodology, the revised appropriations for the current biennium are used as the starting point, which is the basis for which resource changes are calculated.
4. In line with General Assembly resolution 69/264, the proposed programme budget includes a preliminary provision for recosting on the basis of the existing methodology. This amount will be adjusted in context of the revised estimates report on the effect of changes in rates of exchange and inflation that will be submitted for the General Assembly's consideration in December 2015. The revised estimates will include the updated rates, including the use of forward exchange rates and estimates for inflation, in line with the General Assembly's request contained in section IX of its resolution 69/274. Detailed information on recosting is provided in section F below.

C. Presentation

Logical framework

5. The programme narratives in the budget fascicles refer to the overview and the logical framework elements, comprising the objectives of the Organization, the expected accomplishments of the Secretariat and the indicators of achievement, as approved by the Assembly in its resolution 69/17 and reflected in the biennial programme plan and priorities for the period 2016-2017 (A/69/6/Rev.1).
6. Changes to the overview and the logical framework as a result of new and/or revised mandates approved by the General Assembly subsequent to the adoption of the biennial programme plan will be provided to the Committee for Programme and Coordination for review at its fifty-fifth session. Such revisions apply to section 10, Least developed countries, landlocked developing countries and small island developing States, section 22, Economic and Social Commission for Western Asia, section 29C, Office of Human Resources Management, section 29D, Office of Central Support Services, and section 29E, Office of Information and Communications Technology.
7. Each section of the budget continues to include the following programmatic information:
 - Objectives of the Organization
 - Expected accomplishments of the Secretariat
 - Indicators of achievement
 - Performance measures* (baselines and targets)
 - 2012-2013
 - Estimate 2014-2015
 - Target 2016-2017
 - External factors
 - Outputs
8. In an effort to facilitate the review, understanding and ultimately the decision-making of the committees, an analysis of the current layout of the logical framework was conducted. The

analysis identified an opportunity for improving the layout of the logical framework, in particular, two of its elements, namely, the performance measures of the indicators of achievement and the outputs.

9. The layout of the performance measures of the indicators of achievement has been introduced in the fascicles for the biennium 2016-2017. The proposed layout of the outputs will be introduced in the proposed programme budget for the biennium 2018-2019 subject to the endorsement of the General Assembly.
10. The new layout of the performance measures of the indicators of achievement, as illustrated in figure I, provides a more comprehensive evolution of the targets, estimates and actual performance since 2012-2013. The data are not new, however, their consolidation brings information that was previously dispersed in different documents into a single document, thus facilitating access during the review and approval processes. The new layout not only preserves the performance information previously provided to member States (i.e., the target for 2016-2017, the estimate for 2014-2015 and the actual measure of 2012-2013) but also provides additional information, namely the target for 2014-2015 and the target and estimate for 2012-2013.
11. The inclusion of the additional data is aimed at facilitating decision-making by Member States and fostering discussion on results, as it allows immediate side-by-side comparison within a single document and makes the recourse to fascicles from previous bienniums redundant and unnecessary.
12. The proposed layout of outputs, as shown in figure II, includes two columns, one for the description of the outputs and the other for their quantities. This layout is intended not only to create a reader-friendly list of outputs, but also to simplify the internal preparation and review of planned outputs, increase the consistency of the output presentation across sections and reduce redundancy, with a sharper and clearer description of outputs. In addition to figure II, the proposed new layout of the outputs, as applied to various budget sections, is shown in prototype in schedule 18 of the annex to the present report. In paragraph 62 below, the General Assembly is requested to endorse the proposed layout of outputs.

Current layout (proposed programme budget for the biennium 2016-2017)	Proposed layout (proposed programme budget for the biennium 2018-2019)
During the biennium, the following outputs will be delivered:	<i>Outputs</i> <i>Quantity</i>
(a) Servicing of intergovernmental and expert bodies (extrabudgetary):	Servicing of intergovernmental and expert bodies and reports thereto (extrabudgetary)
(i) General Assembly: Parliamentary documentation: report of the United Nations High Commissioner for Refugees (2); report of the Secretary-General on refugees, returnees and displaced persons in Africa (2);	<i>General Assembly</i>
(ii) Executive Committee and Standing Committee:	Parliamentary documentation:
a. Substantive servicing of meetings: preparation for, and servicing of, meetings of the Executive Committee (2); preparation for, and servicing of, informal consultative meetings, briefings and other intersessional meetings of the Executive Committee (16); preparation for, and servicing of, meetings of the Standing Committee of the Executive Committee (6);	1. Report of the United Nations High Commissioner for Refugees 2
b. Parliamentary documentation: annual note on international protection (2); reports of the Executive Committee of the Programme of the High Commissioner (2); reports of the Standing Committee (8);	2. Report of the Secretary-General on refugees, returnees and displaced persons in Africa 2
(b) Other substantive activities (extrabudgetary):	<i>Executive Committee</i>
(i) Recurrent publications: <i>Statistical Yearbook</i> , showing global levels and trends in the populations of concern to UNHCR as well as durable solutions (2);	Substantive servicing of meetings:
(ii) Non-recurrent publications: research papers on a range of priority protection-related themes (10);	3. Plenary sessions 2
(iii) Audio-visual resources: videos (normally of 3-4 minutes' duration, in English, French, Arabic and Spanish) on a range of topics relating to refugees and others of concern (100);	4. Informal consultative meetings, briefings and other intersessional meetings 16
(c) Technical cooperation (extrabudgetary):	5. Meetings of the Standing Committee 6
Field projects: preparation, implementation and monitoring, in cooperation with a range of implementing partners, of annual projects promoting a favourable protection environment (2); preparation, implementation and monitoring, in cooperation with a range of implementing partners, of annual projects promoting durable solutions (2); preparation, implementation and monitoring, in cooperation with a range of implementing partners, of annual projects promoting fair protection processes (2); preparation, implementation and monitoring, in cooperation with a range of implementing partners, of annual projects promoting security from violence and exploitation (2); preparation, implementation and monitoring, in cooperation with a range of implementing partners, of annual projects supporting basic needs and essential services (2); preparation, implementation and monitoring, in cooperation with a range of implementing partners, of annual projects supporting community participation and self-management (2);	Parliamentary documentation:
(d) Conference services, administration, oversight (regular budget):	6. Annual note on international protection 2
Translation, editorial services: editing in English of all Executive Committee and Standing Committee documents (102); translation into French of all Standing Committee documents and certain Executive Committee documents (80).	7. Reports of the Executive Committee of the Programme of the High Commissioner 2
	8. Reports of the Standing Committee 8
	Other substantive activities (extrabudgetary)
	Recurrent publications:
	9. Statistical Yearbook 2
	Non-recurrent publications:
	10. Research papers on a range of priority protection-related themes 10
	Audiovisual resources:
	11. Production of short videos (3-4 minutes) on refugees and others of concern in English, French, Arabic and Spanish 100
	Technical cooperation (extrabudgetary)
	Field projects: preparation, implementation and monitoring, in cooperation with a range of implementing partners, of annual projects:
	12. Promoting a favourable protection environment 2
	13. Promoting durable solutions 2
	14. Promoting fair protection processes 2
	15. Promoting security from violence and exploitation 2
	16. Supporting basic needs and essential services 2
	17. Supporting community participation and self-management 2
	Conference services (regular budget)
	18. Editing in English of all Executive Committee and Standing Committee documents 102
	19. Translation into French of all Standing Committee documents and certain Executive Committee documents 80

Financial information

13. The presentation of the financial information includes a detailed breakdown of proposed resource changes compared with the current biennium. The proposed programme budget includes:
 - 2012-2013 expenditures
 - 2014-2015 appropriation (see resolutions 69/263 A-C and section VI of resolution 69/274)
 - Resource changes broken down into four categories:
 - Technical adjustments (biennial provision of new posts approved in 2015 and removal of non-recurrent requirements)
 - New mandates and inter-component changes (reflects proposed resources in support of new mandates and redeployments within the sections and across sections)
 - Further reductions in line with resolution 69/264 (reflects a proposed reduction of \$16.8 million)
 - Efficiencies in line with resolution 69/264 (reflects a proposed reduction of \$30 million)
 - Total 2016-2017 proposals before recosting
 - Recosting to preliminary 2016-2017 rates
 - Total 2016-2017 estimates
14. The proposal also includes projected resources for other assessed and extrabudgetary contributions.

D. Overview of resources

15. The proposed level of resources for the biennium 2016-2017 amounts to \$5,568.6 million before recosting, just above the approved outline level of \$5,558.4 million. The increase of \$10.2 million (0.2 per cent) over the approved budget outline level is mainly due to: (a) the inclusion of requirements for the ongoing costs (including operating and maintenance/support costs) of the Umoja project in accordance with section VI of General Assembly resolution 69/274 (\$14.4 million); (b) the inclusion of unforeseen requirements related to the strengthening of the International Court of Justice, in line with regulation 2.14 of the Financial Regulations and Rules (\$1.1 million); and (c) exclusion of requirements relating to the Partnership Facility (\$1.1 million), strengthening of property management at the Secretariat (\$2.5 million) and reform of operational arrangements for the Advisory Committee on Administrative and Budgetary Questions (\$1.3 million). When compared with the amount of \$5,659.4 million appropriated for the biennium 2014-2015, the proposal reflects a net reduction of \$90.8 million, or 1.6 per cent.
16. Estimates of income for the biennium 2016-2017 amount to \$555.6 million, compared with estimates of \$535.2 million for 2014-2015, reflecting an increase of \$20.4 million.
17. Resources in the amount of \$1,124.4 million are included for special political missions under section 3. Detailed budget proposals for special political missions for 2016 will be presented to the General Assembly for its consideration in the last quarter of 2015. Additional requirements for special political missions, should they become necessary, will continue to be subject to the provisions of General Assembly resolution 41/213.

18. The proposed net reduction of \$90.8 million will not affect full and effective mandate implementation. The proposals include the option of freezing of posts as detailed in section E below. Proposed reductions in non-post resources, including travel of staff, reflect the anticipated impact of the approved standards of accommodation for air travel, as well as further efficiencies that departments and offices plan to bring about in 2016-2017.
19. In addition to the proposed programme budget, and taking into consideration the agenda-setting process in 2015, a number of other evolving issues will be considered concurrently by the General Assembly. These include the post-2015 development agenda and the sustainable development goals, the financing for development framework, the climate change agreement and matters that arise from the deliberations of the Main Committees of the General Assembly at its seventieth session. Any related proposals will be presented to the Assembly in separate reports as appropriate and will affect the proposed level of the programme budget.
20. The distribution of resources (including breakdown of resource changes) by budget part compared to the 2014-2015 appropriation is illustrated in table 2 below.

Table 2 **Resource changes by budget part**

(Thousands of United States dollars)

	2014-2015 appropriation	Resource changes						Total before recosting	Recosting	2016-2017 estimate
		Technical adjustment (non-recurrent, biennial provision of posts)	New mandates and inter- component changes	Further reductions in line with resolution 69/264	Efficiencies in line with resolution 69/264	Total resource change	Percentage			
I. Overall policymaking, direction and coordination	792 739.5	(26 296.9)	983.7	(3 446.9)	(191.8)	(28 951.9)	(3.7)	763 787.6	13 109.9	776 897.5

Total	5 659 361.5	(137 932.2)	93 966.5	(16 800.0)	(30 000.0)	(90 765.7)	(1.6)	5 568 595.8	124 912.4	5 693 508.2

Technical adjustments

21. Resource levels have been adjusted to include the biennial provision of new posts established in 2015 only, technical adjustments under special political missions and the removal of one-time costs approved specifically for the biennium 2014-2015 that would result in a total net decrease of \$137.9 million.
22. An amount of \$9.5 million has been included for the biennial provision of 68 posts that were approved for establishment in 2015 only, to support the strengthening and effective functioning of the human rights treaty body system, pursuant to General Assembly resolution 68/268 (38 posts); for the implementation of the International Decade for People of African Descent in line with General Assembly resolution 69/16 (3 posts); in support of Human Rights Council resolutions as approved by the General Assembly in section VIII of its resolution 69/262 (9 posts); and in support of safety and security operations for the new office facilities at the Economic Commission for Africa in Addis Ababa in line with General Assembly resolution 69/262 (18 posts).
23. An amount of \$14.5 million has been included under special political missions to reflect the difference between the 2014-2015 appropriation in the amount of \$1,115.9 million and the biennial provision for 2016-2017 in the amount of \$1,130.4 million approved by the General Assembly in its resolution 69/264.
24. Discontinuation of one-time costs approved for 2014-2015 amounts to \$161.9 million, broadly related to: (a) one-time conference-servicing requirements approved in the context of various statements of programme budget implications under section 2 (\$22.2 million); (b) non-recurrent requirements of \$41.5 million relating to the regular budget share for the enterprise planning project; (c) and one-time provisions for project activities under the heading of construction, relating to the strategic heritage plan, renovation of the Africa Hall building and implementation of mitigation measures to strengthen the safety and security of staff at the Economic and Social Commission for Western Asia (ESCWA) (\$52.0 million); non-recurrent requirements relating to decisions of the Human Rights Council (\$14.3 million); non-recurrent requirements relating to the three ad litem judges of the United Nations Dispute Tribunal and the respective staffing complement, and the one-time provision for the interim independent assessment of the system of administration of justice (\$4.0 million); and the organization and provision of support to various conferences, including, inter alia, the United Nations Conference on Sustainable Development, the third International Conference on Small Island Developing States, the United Nations Conference on Housing and Sustainable Urban Development (Habitat III) and thirteenth United Nations Congress on Crime Prevention and Criminal Justice (\$10.8 million); and non-recurrent requirements totalling \$3.6 million for the monitoring mechanism for the delivery of humanitarian assistance to the Syrian Arab Republic.

New mandates and inter-component changes

25. The proposal includes resources for new and expanded mandates that were approved by the General Assembly at the main and resumed parts of its sixty-ninth session; and for unforeseen requirements related to the strengthening of the International Court of Justice, in line with regulation 2.14 of the Financial Regulations and Rules, that would result in a total net increase of \$94.0 million; and the cost-neutral transfer of resources between components within and across sections.
26. The net increase of \$94.0 million primarily reflects (a) the Secretariat's contribution of \$13.0 million to the United Nations resident coordinator system in line with section VI of General Assembly resolution 69/262; (b) proposals for the second phase of the strengthening and upgrading of UNEP in accordance with paragraph 4 of Assembly resolution 67/213 and Assembly resolution

68/246 (\$11.0 million); (c) proposals to undertake public information activities bearing in mind the principle of parity of all six official languages, while respecting the workload in each official language, as requested by the Assembly in its resolutions 69/96 B and 69/17 (\$11.0 million); (d) proposals for the strengthening and effective functioning of the human rights treaty body system and decisions of the Human Rights Council as approved in Assembly resolution 68/268, section XII of resolution 68/247, section VIII of resolution 69/262 and resolution 69/17 (\$5.4 million); (e) the regular budget share of the Umoja project costs for 2016-2017 and Umoja operating, maintenance and support costs as reported in the sixth progress report of the Secretary-General on the enterprise resource planning project (A/69/385 and Corr.1) and endorsed by the General Assembly in section VI of its resolution 69/274 (\$14.4 million); (f) requirements in support of the revised information and communications technology strategy approved pursuant to section II of General Assembly resolution 69/262 (\$3.0 million); (g) a provision of \$21.7 million in support of construction projects relating to the renovation of the Africa Hall building and for the seismic mitigation and replacement project at the ESCAP premises in line with General Assembly resolutions 69/262 and 69/274; (h) a provision for the continuation of the three ad litem judges of the United Nations Dispute Tribunal and the respective complement staff for 2016 (\$1.7 million); (i) a provision for the organization of regional courses in international law for Africa, Asia and the Pacific and Latin America and the Caribbean and to support the Review Conference and the report on bottom fisheries in line with General Assembly resolutions 69/117 and 69/109 (\$1.8 million); for support of the United Nations Conference on Housing and Sustainable Urban Development (Habitat III), to be held in Quito in 2016 (\$1.4 million); for requirements of the International Criminal Court of Justice (\$1.2 million); and for requirements relating to the transfer of audit functions from the United Nations missions in Afghanistan and Iraq to the Office of Internal Oversight Services (\$1.8 million).

Resource changes in line with General Assembly resolution 69/264 (further reductions)

27. The proposal reflects a net reduction of \$16.8 million relating to further reductions undertaken in line with General Assembly resolution 69/264. This amount includes a reduction of \$1.8 million under the respective sections that would cover the transfer of the resident audit functions from the United Nations missions in Iraq and Afghanistan to the Office of Internal Oversight Services, as mentioned in paragraph 26 above.
28. The proposed reductions have been primarily distributed among the programmatic components of the respective departments, and under requirements for travel of staff for all sections.
29. The post-related reduction of \$9.4 million (including staff assessment) reflects the abolition of 16 posts (\$4.3 million); the downward reclassification of one post from the P-5 level to the P-4 level (\$66,100); and the freezing of recruitment against established posts on the basis of 490 work-months, equivalent to 20.4 posts for the full-24 month period (\$5.1 million).
30. The non-post-related reductions of \$7.4 million primarily reflect further efficiencies that are anticipated in 2016-2017, including an overall reduction of 10 per cent, or \$4.4 million, under travel of staff that takes into account the anticipated impact of the approved standards of accommodation for air travel.

Resource changes in line with General Assembly resolution 69/264 (efficiencies)

31. The proposal reflects a net reduction of \$30.0 million relating to efficiencies that have been distributed to the programme support components of each section (\$7.5 million), to the overall budget for sections under part VIII (Common support services) (\$16.5 million), and to special political missions (\$6.0 million).

32. Post-related reductions of \$17.6 million (including staff assessment) reflect the abolition of 22 posts (\$6.9 million), the upward reclassification of one P-3 post to the P-4 level (\$70,100); and the freezing of recruitment against established posts on the basis of 1,144 work-months, equivalent to 47.7 posts for the full 24-month period (\$10.7 million).
33. The proposed non-post-related reductions of \$12.4 million reflect further efficiencies that are anticipated in 2016-2017.

Trends in resource changes

34. The proposed level of resources also represents a reduction of 1.6 per cent (or \$90.8 million) when compared with the appropriation of \$5,659.4 million for the biennium 2014-2015. After inclusion of preliminary recosting, the proposed level of \$5,693.5 million reflects a 0.6 per cent increase over the appropriation for the biennium 2014-2015.

Table 3 **Resource requirements compared with recent bienniums**

(Millions of United States dollars)

Expenditure for 2012-2013	5 524.8
Appropriation for 2014-2015 (includes appropriations made by the General Assembly at the main and first resumed parts of its sixty-ninth session)	5 659.4
General Assembly decision on budget outline for 2016-2017	5 558.4
Proposed for 2016-2017 (before recosting)	5 568.6
Proposed for 2016-2017 (after preliminary recosting to 2016-2017 rates)	5 693.5

35. Figure III and tables 4 and 5 provide the trend over the past 10 years of post expenditures vis-à-vis the number of posts (figure III) and of the percentage distribution by object of expenditure of total resources (table 4) and non-post resources (table 5), on the basis of the 2014-2015 appropriation and the proposals for 2016-2017.

E. Proposed post resources

36. For the biennium, a total staffing level of 10,198 posts is proposed under the expenditure sections. This represents a net increase of 12 posts compared with the biennium 2014-2015. Tables 6, 7 and 8 and figure IV reflect the net changes in the number of posts, by level source and category, for the biennium 2016-2017 vis-à-vis the biennium 2014-2015. The net increase of 12 posts relates to the proposed establishment of 56 new posts, the conversion of 38 posts and the proposed abolitions of 82 posts (table 6 refers). The post changes will not affect full and effective mandate delivery.
37. In table 7, the net increase of 50 posts under the category “new mandates and inter-component changes” is the result of the proposed establishment of 56 new posts, conversion of 38 posts and abolishment of 44 posts. Of the 56 new posts, 35 are proposed in support of new or expanded mandates relating to: (a) public information activities and the principle of parity of all six official languages, as requested by the General Assembly in its resolutions 69/96 B and 69/17 (29 posts); (b) support of the revised information and communications technology strategy approved pursuant to section II of resolution 69/262 (5 posts); and (c) support of the implementation of the SIDS Accelerated Modalities of Action (SAMOA) Pathway pursuant to resolution 69/15 (1 post). In line with General Assembly resolutions 67/213 and 68/246, 37 posts are proposed for conversion from extrabudgetary resources for the second phase of the strengthening and upgrading of UNEP. In respect of inter-component changes, 22 new posts are proposed, including 1 conversion from extrabudgetary resources. The cost of the 22 new posts and reclassification of 20 posts is offset by the proposed abolishment of 44 posts. These post changes broadly relate to reorganization to better support mandate implementation as explained in the respective budget fascicles for sections 1, 2, 3, 5, 16, 18, 21, 22, 24 and 30. Table 7 also includes the proposed abolishment of 38 posts stemming from efficiencies and further reductions in line with General Assembly resolution 69/264.
38. The proposals include the freezing of posts, which is defined thus: the post remains inactive and cannot be used to place a new or existing staff member against it, for the duration it is frozen. The freezing of posts is an interim measure, as it is recognized that integration of business processes under an enterprise resource planning model implies a major departure from the way the Organization has conducted its business, and a deeper understanding is required of Umoja will change the way departments and offices operate. As it is too early to determine the specific impact of Umoja, the proposed reductions in post resources, while firm in financial terms, allow for the specific composition of the post freezes to be determined during 2016-2017, when the impact of Umoja becomes clearer.
39. The freezing of posts amounts to 1,634 work-months, equivalent to 68 posts for the full 24 months. Accordingly, while the staffing complement of 10,198 posts includes the number of posts proposed to be frozen, the financial costs of these posts (\$15.8 million) have been deducted from the post resources. Table 9 provides information on the proposal to freeze established posts for each section.
40. During implementation and subject to General Assembly approval, the Secretariat would, at the beginning of the biennium, block all posts that are proposed to be “frozen”, rendering them inactive. Programme managers would be provided with an opportunity to change the composition of post “freezes” as long as the new composition amounts to the same costs approved by the General Assembly, and without affecting effective mandate delivery. The actual posts frozen during 2016 would be reported in the context of the first performance report for information purposes. For the second performance report in 2017, the Secretariat would provide the General Assembly with information on the actual composition of posts frozen during the biennium.

Table 6 Total proposed staffing level, by budget part, with post changes by type of change

	Approved 2014-2015	Post changes					Proposed 2016-2017

41. When compared with the past four bienniums, the percentage of Professional posts compared with posts in the General Service and related categories has increased. As was the case in previous budget proposals, the ratio of General Service to Professional posts shows a gradual reduction in the proportion of General Service posts compared with the total number of posts authorized, as reflected in figure IV.

Figure IV **Distribution of posts by category over the previous four bienniums**

^a On the basis of the final appropriation.

^b On the basis of the 2014-2015 appropriation.

^c On the basis of the estimates.

F. Recosting

42. In accordance with the existing methodology, the proposals for 2016-2017, before recosting, are based on the 2014-2015 revised appropriation rates that were presented in the context of the first performance report on the programme budget for the biennium 2014-2015 (A/69/612). This amount is recosted to take into account projected inflation levels for 2016-2017 on the basis of projected post adjustment multipliers and the forecast cost-of-living adjustments and inflation rates (see annex, schedule 7). The rates of exchange used in 2016-2017 are those applied for 2015, as presented in the first performance report (A/69/612). The preliminary estimate for recosting amounts to \$124.9 million, representing 2.8 per cent of the regular budget proposal (excluding special political missions).
43. In April 2015, the General Assembly, in section IX of its resolution 69/274, decided that forward exchange rates should be used in preparing future budget estimates, commencing with the proposed programme budget for the biennium 2016-2017. The Assembly requested the Secretary-General to provide the International Civil Service Commission with the best estimates for inflation in order to improve forecast estimates for inflation-driven recosting. The decision of the Assembly will be incorporated in the Secretary-General's revised estimates report on the effect of changes in the rates of exchange and inflation that will be submitted for the review by the Assembly at the end of 2015, prior to the adoption of the initial appropriation. The proposal will be recosted to reflect the updated rates in the revised estimates report.
44. Common staff costs are budgeted as a percentage of net salary for each duty station. Those costs relate to allowances including dependency, hardship and mobility allowances, education grant, home leave, contributions to the United Nations Joint Staff Pension Fund and medical insurance plans and costs relating to the appointment, transfer and separation of staff. The common staff cost rates used in the proposed programme budget for the biennium 2016-2017 are the same as those used in the first performance report for 2014-2015.
45. As for the vacancy rates, the approved rate of 9.0 per cent for Professional posts and 5.0 per cent for General Service posts, as reported in the first performance report for the biennium 2014-2015 (A/69/612, para. 30), is maintained. By comparison, the average vacancy rate for the period from 1 January 2014 through 31 March 2015 was 8.9 per cent for Professional posts and 5.4 per cent for General Service posts. The vacancy rate will be updated with the actual experience in the context of the first performance report for 2016-2017.

G. Other factors underlying the budget proposals

Other assessed contributions

46. Other assessed resources are estimated at \$640.9 million for the biennium 2016-2017, which represents a decrease of \$20.9 million, or 3.2 per cent, in relation to the estimated resource level for 2014-2015. The decrease primarily relates to lower requirements estimated under the support account for peacekeeping operations for the biennium 2016-2017, owing mainly to the reduced requirements anticipated for the enterprise resource planning project and transfer of the costs for the development of systems from the support account for peacekeeping operations to the specific peacekeeping mission budgets where these applications have been deployed, and the discontinuation of the capital master plan and the International Criminal Tribunal for Rwanda. The distribution of projected resources by section is provided in schedule 8 of the annex.

Extrabudgetary contributions

47. Extrabudgetary resources are estimated at \$18.9 billion for the biennium 2016-2017, which represents an increase of \$353.6 million, or 1.9 per cent, over the estimated resource level for 2014-2015. The increase relates primarily to the continued expansion of UN-Women in line with the full implementation of its regional architecture; an increase in extrabudgetary funding of section 14, Environment (Environment Fund, counterpart contributions in support of Environment Fund activities, Global Environment Facility trust funds and technical cooperation trust funds); and growth in the projection for human settlements and the Palestine refugee programmes. The increase is partly offset by a decrease in the requirements for the programmes for international drug control, crime and terrorism prevention and criminal justice, and economic and social development in Africa. The distribution of projected resources by section is set out in schedule 9 of the annex.

Outputs

48. In total, 596 outputs delivered in 2014-2015 will be discontinued in 2016-2017. The discontinuation of outputs is reported in the relevant sections of the proposed programme budget, and a summary of outputs included in 2014-2015 not to be delivered in 2016-2017 is provided in table 10. The total number of discontinued outputs is approximately 1.4 per cent of the total number of estimated outputs in 2014-2015.

Monitoring and evaluation

49. The General Assembly, in its resolution 58/269, requested the Secretary-General to clearly identify in all sections of the proposed programme budget the resources required for the performance of monitoring and evaluation functions. The Advisory Committee on Administrative and Budgetary Questions requested more information on the main evaluation activities planned by each department, as well as information on major evaluation activities that were carried out and on how lessons learned were implemented (A/68/7, paras. 64-67).
50. Monitoring and evaluation resources identified for 2016-2017 are estimated at \$61.2 million, reflecting an increase of \$10.4 million over the estimates for 2014-2015, as shown in table 11. These resources cover mandatory self-assessments and discretionary self-evaluations. External evaluations consist of mandated and discretionary external evaluations.

Table 11 **Monitoring and evaluation resources**

	2014-2015		2016-2017

Total	50 795.2	100.0	61 173.6	100.0

^a In thousands of United States dollars.

51. Each budget fascicle includes summary information on estimated resources identified by each department for its monitoring and evaluation activities, which generally involve assessing whether the programme is on track in achieving the results expected as proposed in the context of the logical frameworks approved for 2016-2017; the measurement of services provided in terms of client satisfaction; comparing the situation existing at the start of the implementation period with the current situation and considering what remains to be done; analysing the extent to which the objectives of the programme have been attained; and identifying alternative designs of the programme that might be considered for attaining the programme objectives.
52. The monitoring and evaluation activities have provided programme managers with feedback to better focus on the results achieved by their programmes, which includes ensuring improved programme design and conducting regular assessments to monitor progress made and identify any necessary adjustments. The feedback received from beneficiaries and the self-evaluation work have indicated areas within the programme that need to be strengthened, for example, in the case of ESCAP, the feedback received from member States indicated that the secretariat's programmatic work needed to be evaluated, including the work of divisions, subregional offices and regional institutions. In the case of ESCWA, previous evaluations showed that the subprogrammes needed to increase their interdisciplinary work, further reach out to regional partners, develop the use of knowledge management tools and further integrate gender and women's empowerment in their work. In the case of the Office for the Coordination of Humanitarian Assistance, thematic evaluations resulted in stricter controls and risk-based management for executing partners; the development of new policies regarding the management and governance of all country-based pooled funds; and strengthening of the capacities of national emergency actors to meet the diverse needs of a greater number of audiences and develop comprehensive policies and up-to-date delivery methods.

Other information

53. Schedule 10 of the annex provides information on the proposed resources at the Nairobi duty station for a number of selected budget sections, pursuant to General Assembly resolutions 52/220, 57/292 and 58/270.
54. Schedule 11 provides information on the proposed training resources for the biennium 2016-2017.
55. In schedule 12 information on the use of information and communications technology is provided in line with the request of the Advisory Committee on Administrative and Budgetary Questions (A/66/7, para. 116).
56. Schedule 13 contains information on general temporary assistance positions as at 31 March 2015, in line with the request of the Advisory Committee (A/65/611, para. 7).
57. Schedule 14 contains information on posts authorized under the regular budget that have been vacant for two years or longer.
58. Schedule 15 provides information on the proposals for travel of staff by budget section.
59. Schedule 16 provides information on budget sections for which the programme of work has been reviewed by programme review bodies.
60. Schedule 17 provides a summary of follow-up actions taken to implement the recommendations of the Advisory Committee on cross-cutting issues.
61. Schedule 18 provides the prototype of the proposed new layout of outputs to be introduced in the proposed programme budget for the biennium 2018-2019.

H. Actions requested of the General Assembly

62. **The General Assembly is requested to endorse the proposed layout for outputs and approve its introduction in the proposed programme budget for the biennium 2018-2019 and subsequent bienniums, as described in paragraph 12 and figure II above and in schedule 18 of the annex to the present report.**

Schedule 16 Budget sections for which the programme of work has been reviewed by programme review bodies

<i>Section/programme/subprogramme</i>	<i>Review body</i>	<i>When reviewed</i>
2. General Assembly and Economic and Social Council affairs and conference management	Committee on Conferences	April 2014
3. Political affairs		
Decolonization	Special Committee on the Situation with regard to the Implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples	June 2014
Question of Palestine	Committee on the Exercise of the Inalienable Rights of the Palestinian People	April 2014
6. Peaceful uses of outer space	Committee on the Peaceful Uses of Outer Space	June 2014
8. Legal affairs		
Progressive development and codification of international law	International Law Commission	May-June 2014
Progressive harmonization, modernization and unification of the law of international trade	United Nations Commission on International Trade Law	July 2014
9. Economic and social affairs		
Economic and Social Council support and coordination	Economic and Social Council	July 2014
Sustainable development	High-level political forum on sustainable development	June-July 2014
Statistics	Statistical Commission	March 2014
Population	Commission on Population and Development	April 2014
Public administration and development management	Committee of Experts on Public Administration	April 2014
Sustainable forest management	United Nations Forum on Forests	May 2015
12. Trade and development		
International Trade Centre	Joint Advisory Group on the International Trade Centre	June 2014

Introduction

<i>Section/programme/subprogramme</i>	<i>Review body</i>	<i>When reviewed</i>
14. Environment	United Nations Environment Assembly of the United Nations Environment Programme	June 2014
16. International protection, durable solutions and assistance to refugees	Office of the United Nations High Commissioner for Refugees/ Standing Committee	March 2014
17. Gender equality and empowerment of women	Commission on the Status of Women	March 2014
18. Economic and social development in Africa	Economic Commission for Africa Conference of African Ministers of Finance, Planning and Economic Development	March 2014
19. Economic and social development in Asia and the Pacific	Economic and Social Commission for Asia and the Pacific/Advisory Committee of Permanent Representatives and Other Representatives	May 2014
21. Economic and social development in Latin America and the Caribbean	Economic Commission for Latin America and the Caribbean	May 2014
22. Economic and social development in Western Asia	Economic and Social Commission for Western Asia	September 2014
24. Human rights	Human Rights Council	The role of the Human Rights Council in the review of programme 20 of the proposed biennial programme plan has been clarified to the effect that, from a legal point of view, and consistent with the practice of the former Commission on Human Rights, the Council should not be considered a relevant intergovernmental organ within the meaning of regulation 4.8 of the Regulations and Rules Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation. Nevertheless, on 2 May 2014, the High Commissioner shared programme 20 of the biennial programme plan of the proposed strategic framework for the period 2016-2017 with the Council members, through a letter

Introduction

<i>Section/programme/subprogramme</i>	<i>Review body</i>	<i>When reviewed</i>
		to the President. In the letter, the High Commissioner informed the Council of the upcoming review of the Committee for Programme and Coordination and expressed her willingness to receive any comments that the members of the Council might have on the proposed biennial programme plan
28. Public information	Committee on Information	April-May 2014

Schedule 17 **Summary of follow-up action taken to implement recommendations of the Advisory Committee on Administrative and Budgetary Questions on cross-cutting issues**

<i>Recommendation</i>	<i>Action taken</i>
(A/68/7)	
<p>The General Assembly has also recognized efforts by the Secretary-General in initiating the booking of tickets at least 16 days in advance, requesting him to make every effort to reduce short-notice travel and to ensure that trips are booked as much in advance of the travel date as possible (resolution 67/254 A, sect. VI, para. 8). Given that this measure was first endorsed by General Assembly (resolution 65/268, annex, para. 2 (e)), the Advisory Committee expects that this would have led to demonstrable savings in the costs of travel in 2012-2013 and that the budgetary assumptions in respect of travel costs for 2014-2015 would have been altered to reflect compliance with this practice. The Committee regrets that the Secretary-General is unable to provide information on the impact of the travel-related measures already in effect pursuant to Assembly resolution 65/268 (para. 118).</p> <p>The Advisory Committee is disappointed that the Secretary-General did not provide information on the savings anticipated as a result of the decisions on travel-related measures taken by the General Assembly in its resolution 67/254 A. The Committee stresses that good data pertaining to the volume and frequency of travel undertaken by the Organization as well as actual and planned costs by destination captured in a timely fashion would assist in the effective and efficient utilization of travel resources. In this regard, the Committee expects the Secretary-General to provide information to the Assembly on the savings anticipated as a result of these decisions at the time of its consideration of the proposed programme budget for 2014-2015 (para. 121).</p> <p>The Advisory Committee is of the view that efficiencies could be attained in the use of travel resources through the utilization of new audiovisual technology, including, for example, for both video and still photographic coverage of the travel of the Secretary-General and major conferences and meetings of policymaking organs. This may allow the Department to reduce the number of staff needed to travel with the Secretary-General to provide such coverage (para. 122).</p>	<p>The proposals for the biennium 2016-2017 include an overall reduction of 14.7 per cent under travel of staff when compared with the 2014-2015 appropriation. After removal of non-recurrent requirements under travel of staff, a 10 per cent reduction was applied, which takes into account the anticipated impact of the revised standards of accommodation for air travel. In respect of the regular budget resources for travel of staff, over the past 10 years, the percentage of such costs over non-post requirements has decreased from 4.0 per cent to 3.1 per cent, as reflected in table 5 of the present report.</p>

Introduction

Recommendation

Action taken

In the light of all the aforementioned observations on the resources proposed for travel for 2014-2015, the Advisory Committee believes that an overall reduction in the Secretariat's proposed budget for travel of staff is merited. It recommends, therefore, that the General Assembly approve an overall reduction of \$2,371,000 (before recosting), or 5 per cent of total travel costs, for staff across all budget sections. The Committee expects that other savings in travel costs will be realized for all other categories of personnel affected by the provisions of Assembly resolution 67/254 A. The Committee also recommends that the Secretary-General be requested to reflect savings from travel in the performance reports for 2014-2015 and also to provide in his next budget submission a full analysis of the impact of the entire package of travel-related reform measures adopted by the General Assembly in its resolutions 65/268 and 67/254 A (para. 123).

Schedule 18 **Prototypes of the proposed new layout of outputs to be introduced in the proposed programme budget for the biennium 2018-2019**

Section 6 — Peaceful uses of outer space

<i>Outputs</i>	<i>Quantity</i>
Servicing of intergovernmental and expert bodies: (regular budget)	
<i>General Assembly</i>	
Substantive servicing of meetings:	
1. Fourth Committee meetings on “International cooperation in the peaceful uses of outer space”	6
2. Working Group of the Whole of the Fourth Committee	6
Parliamentary documentation	
3. Report of the Committee on the Peaceful Uses of Outer Space	2
<i>Committee on the Peaceful Uses of Outer Space</i>	
Substantive servicing of meetings:	
4. Plenary	32
Parliamentary documentation:	
5. Report of the Inter-Agency Meeting on Outer Space Activities	2
6. Conference room papers	12
7. Other documents	4
8. Report of the Legal Subcommittee of the Committee on the Peaceful Uses of Outer Space	2
9. Report of the Scientific and Technical Subcommittee of the Committee on the Peaceful Uses of Outer Space	2
10. Report on the coordination of outer space activities within the United Nations system	1
11. Special report on the use of space science and technology in the United Nations system	1
12. Report on the plan of work by United Nations Platform for Space-based Information for Disaster Management and Emergency Response — United Nations-SPIDER	1
<i>Committee on the Peaceful Uses of Outer Space — Scientific and Technical Subcommittee</i>	
Substantive servicing of meetings:	
13. Plenary and (other) meetings of the working groups of the Subcommittee	60
14. Symposium on space applications with the International Astronautical Federation (2016)	1
15. Organization of an industry symposium (2017)	1
Parliamentary documentation:	
16. Background papers, studies, reports and other documents	14
17. Conference room papers	20
18. Report of the United Nations Expert on Space Applications	2
19. Report of the annual meeting of the International Committee on Global Navigation Satellite Systems	2
20. Report on the activities of the UN-SPIDER network of regional support offices	2
21. Report on the technical advisory support and activities carried out in the framework of the work plan of the International Committee on Global Navigation Satellite Systems	2
22. Reports on workshops, training courses and other activities	15

<i>Outputs</i>	<i>Quantity</i>
<i>Committee on the Peaceful Uses of Outer Space — Legal Subcommittee</i>	
Substantive servicing of meetings:	
23. Plenary and meetings of the working groups	40
24. Symposium on space law with International Institute of Space law/European Centre	2
Parliamentary documentation:	
25. Background papers, legal studies, reports and other documents	6
26. Conference room papers	14
27. Reports on workshops, training courses, symposiums, conferences and seminars organized on the space law, policy and/or other legal aspects of space activities	1
<i>International Committee on Global Navigation Satellite Systems and its Providers' Forum</i>	
Substantive servicing of meetings:	
28. Plenary, meetings of the working groups and meetings of the Providers' Forum	20
29. Working Group of the International Committee on Information Dissemination and Capacity-Building	8
<i>Others</i>	
Depository services:	
30. Dissemination to Member States of information furnished in accordance with the United Nations Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies, the Agreement on the Rescue of Astronauts, the Return of Astronauts and the Return of Objects Launched into Outer Space, and the Principles Relevant to the Use of Nuclear Power Sources in Outer Space	2
31. Maintenance of a public register and database of information furnished in the A/AC.105/INF and ST/SG/SER.E series of documents in accordance with the United Nations Convention on Registration of Objects Launched into Outer Space	10
Other substantive activities (regular budget/extrabudgetary)	
Recurrent publications:	
32. Proceedings of the activities of the Office relating to space law	1
33. Special publication on a thematic area selected by the annual Inter-Agency Meeting	1
34. United Nations education curriculum on space sciences, technology and space law	1
35. United Nations Treaties and Principles on Outer Space	1
36. Messages from space explorers to future generations	2
37. Report on the activities of the Programme	2
Non-recurrent publications:	
38. Special publications on a thematic area of the work of the Office	3
39. United Nations Treaties and Principles on Outer Space: 50 th anniversary commemorative edition;	1
Fact-finding missions:	
40. Meetings of intergovernmental organizations and space-related non-governmental entities addressing space-related issues	10
Exhibits, guided tours and lectures:	
41. Maintenance of the permanent exhibit on the benefits of space technology for improving life on Earth and for protecting the environment:	1
42. Presentations to Member States, intergovernmental organizations and non-governmental entities on the work of the United Nations in outer space activities:	4
43. Short-term exhibits showcasing the benefits of space-related activities	4

<i>Outputs</i>	<i>Quantity</i>
Booklets, fact sheets, wallcharts and information kits:	
44. Promotional, educational and information materials on United Nations space activities and the work of the Office	2
Press releases and press conferences:	
45. Press releases for press conferences	15
Special events:	
46. Celebration of achievements and other anniversaries relating to outer space	1
Technical material:	
47. Maintenance of the website of the Office for Outer Space Affairs and of related databases	1
48. Maintenance of the International Committee on Global Navigation Satellite Systems information portal	1
49. Maintenance of the UN-SPIDER knowledge portal	1
Humanitarian missions:	
50. Access to space-based information to United Nations organizations, UN-SPIDER regional support offices and national focal points to support their emergency and humanitarian response	1
International cooperation and inter-agency coordination and liaison (regular budget/extrabudgetary)	
Substantive servicing of inter-agency meetings:	
51. An annual open forum for the exchange of information between members of the Committee and representatives of entities of the United Nations system	2
52. The annual Inter-Agency Meeting on Outer Space Activities	2
Technical cooperation (regular budget/extrabudgetary)	
Advisory services:	
53. Assistance, upon request, to Member States and regional, intergovernmental and non-governmental organizations to support national and regional actions, programmes and projects relating to space law, space policy and space science and technology and their applications	2
54. Technical assistance, upon request, to Member States for using space-based solutions in disaster management plans and policies and in the implementation of risk reduction activities	6
55. Technical assistance and nominal financial assistance to United Nations-affiliated regional centres for space science and technology education, including their governing boards and advisory committees, to support their education, training and operation activities and the operation of the regional centres	8
Training courses, seminars and workshops: workshops/meetings of experts on:	
56. Use of space technology in disaster management to review activities in the field and to agree on future directions by representatives of the UN-SPIDER national and regional support offices and other entities of the United Nations system, representatives of ongoing and planned international and regional initiatives, disaster managers and experts	2
57. Use of space technology in disaster management and emergency response for disaster managers and experts held regionally	2
58. Space law, policy and/or other legal aspects of space activities	1
59. Priority thematic areas of the United Nations Programme on Space Applications for participants from developing countries, in particular professional women	11
Fellowships and grants:	
60. Administration of long-term international fellowships in the field of space science and technology offered by Member States and space-related intergovernmental and non-governmental organizations	12

<i>Outputs</i>	<i>Quantity</i>
Administrative support services (regular budget)	
<i>Human resources management</i>	
61. Planning, administration and management of the Office's human resources	1
<i>Programme planning, budget and accounts</i>	
62. Planning of the Office's programme and budget, its implementation (long-term and short-term), monitoring its performance and preparing the related documentation	1

Section 12 — Trade and development, executive direction and management

<i>Outputs</i>	<i>Quantity</i>
Servicing of intergovernmental and expert bodies, and reports thereto: (regular budget)	
<i>United Nations Conference on Trade and Development</i>	
Substantive servicing of meetings:	
1. Meetings, including preparatory meetings, of UNCTAD XIV	8
Parliamentary documentation:	
2. Documents and conference room papers	4
<i>Trade and Development Board</i>	
Substantive servicing of meetings:	
3. Meetings of the annual and executive sessions	52
Parliamentary documentation:	
4. Documents for preparatory meetings of UNCTAD XIV	2
5. Reports on the follow-up to the major United Nations conferences and summits in the areas of UNCTAD expertise	2
6. Reports on matters requiring action by the Board in the follow-up to UNCTAD XIV	2
<i>Working Party on the Strategic Framework and the Programme Budget</i>	
Substantive servicing of meetings:	
7. Meetings	10
Parliamentary documentation:	
8. Conference room papers or working papers	8
9. Reports of the external evaluations of UNCTAD programmes	1
<i>Ad hoc expert groups</i>	
10. Meetings of the ad hoc expert groups determined by the Secretary-General of UNCTAD, in consultation with Member States	3
Other substantive activities (regular budget/extrabudgetary)	
Booklets, fact sheets, wallcharts, information kits:	
11. UNCTAD annual report	2
12. UNCTAD — Civil Society Symposium: programme and report	4
13. UNCTAD — Civil society e-alert	40
14. UNCTAD — Civil society outreach compendium	1
15. Report on the UNCTAD regional meeting with civil society organizations	2
16. Report on the summary of the hearings with civil society and the private sector	2

<i>Outputs</i>	<i>Quantity</i>
17. UNCTAD issues in brief	10
18. Press kits and flyers for flagship publications	12
19. Public information materials on UNCTAD	10
20. Public information materials for UNCTAD XIV, including for civil society	10
21. UNCTAD brochures	2
22. UNCTAD posters, laminations and other special products	10
23. UNCTAD at a Glance	2
24. UNCTAD folders	2
Press releases, press conferences:	
25. Press conferences and lectures	32
26. Press releases	120
27. Information notes	20
28. Web news briefs in 2016 and 2017	2
Technical materials:	
29. UNCTAD policy briefs	6
30. Update and maintenance of the websites of UNCTAD	2
31. Update and maintenance of the website of UNCTAD XIV	1
Special events:	
32. Public symposium with civil society and member States in connection with the work programme of UNCTAD subject to further consideration and decision by the Trade and Development Board	1
33. Raúl Prebisch Lecture	1
34. Specialized information sessions for students, delegates and academia, visiting UNCTAD and, at request, in other locations	2
Administrative support services (regular budget)	
Overall substantive coordination and management:	
35. Policy clearance of all documents, publications and information material	1
36. Policy planning and coordination of intergovernmental and expert meetings	1
Evaluations:	
37. Ad hoc management reviews and evaluations; oversight and coordination of external evaluations conducted in the context of project or trust fund agreements	1
38. Oversight and coordination of self-assessment exercise and its reporting	1
39. Oversight of external evaluation mandated by the Trade and Development Board	1

Section 29B — Office of Programme Planning, Budget and Accounts, component 1

<i>Outputs</i>	<i>Quantity</i>
Servicing of intergovernmental and expert bodies (regular budget)	
<i>General Assembly</i>	
Substantive servicing of meetings:	
1. Meetings of the Fifth Committee, formals	50
2. Meetings of the Fifth Committee, informal	270
3. Meetings of the Committee for Programme and Coordination, formals	25
4. Meetings of the Committee for Programme and Coordination, informal	30
5. Meetings of Other Main committees	30
6. Meetings of the Advisory Committee on Administrative and Budgetary Questions	115
Parliamentary documentation:	
7. Proposed strategic framework for the period 2018-2019	32
8. Proposed programme budget outline for the biennium 2018-2019	1
9. Proposed programme budget for the biennium 2018-2019	88
10. Programme budget for the biennium 2016-2017	1
11. Other ad hoc reports	2
12. Performance report on the programme budget for the biennium 2016-2017	2
13. Budget for the international criminal tribunals	2
14. Performance reports for the international criminal tribunals	4
15. Statements of programme budget implications	30
16. Oral statements	75
17. Revised estimates	10
18. Estimates in respect of special political missions for 2017 and for 2018	26
19. Conference room papers	6
20. Written responses to the Advisory Committee on Administrative and Budgetary Questions and Fifth Committee	3 100
Other substantive activities (regular budget and extrabudgetary)	
21. Assistance to the Fifth Committee and the Committee for Programme and Coordination in the preparation of their reports to the General Assembly	100
22. Briefings to Member States on programme planning and budgetary matters	6
22. Draft resolutions reviewed to assess potential programme budget implications	900
24. Allotments and allocations issued (regular budget and extrabudgetary)	4 900
25. Staffing table authorizations (regular budget and extrabudgetary)	100
26. Requests to incur unforeseen and extraordinary expenses submitted	30
27. Cost plans reviewed (extrabudgetary)	250
28. Budgets subject to monitoring of expenditure (regular budget)	92
29. Times when vacancy statistics are calculated/produced	24
30. Instances when certifying officers' panels are reviewed and authorized	330
31. Instances when the cost parameters for budgeting are established and reviewed	4
32. Times when the average monthly troop strength is calculated	8

<i>Outputs</i>	<i>Quantity</i>
33. Instances in which senior level advice and guidance on the application of policies related to the programme planning and budgetary matters is provided	125
34. Review of and pronouncement over requests to establish posts or positions	48
35. Letters to the Advisory Committee on Administrative and Budgetary Questions requesting its concurrence with the establishment of extrabudgetary posts/positions at the D-1 and above levels	30
36. Letters to the Advisory Committee on Administrative and Budgetary Questions reporting the extrabudgetary positions at the D-1 and above levels approved by the Controller in a calendar year	2

Section 19 — Economic and Social Development in Asia and the Pacific, subprogramme 2

<i>Outputs</i>	<i>Quantity</i>
Servicing of intergovernmental and expert bodies, and reports thereto (regular budget)	
<i>Economic and Social Commission for Asia and the Pacific</i>	
Parliamentary documentation:	
1. Reports on issues related to trade and investment	2
2. Reports on the activities of the Asian and Pacific Centre for Transfer of Technology (APCTT)	2
3. Reports of the Centre for Sustainable Agricultural Mechanization (CSAM)	2
<i>ESCAP Committee on Trade and Investment</i>	
Substantive servicing of meetings:	
4. Plenary	6
Parliamentary documentation:	
5. Report of the Committee on Trade and Investment	1
6. Reports on trade and investment	1
<i>Ad hoc expert groups</i>	
7. Expert group meetings on Emerging issues in trade and investment	1
8. Expert group meetings on Science, technology and innovation	1
