

Economic and Social Council

Distr.: General
26 October 2010

Chinese and English only

Economic and Social Commission for Asia and the Pacific Committee on Transport

Second session

Bangkok, 1-3 November 2010

Item 5 of the provisional agenda

Issues and challenges in transport related to promoting regional connectivity: transport policy, infrastructure, facilitation and logistics

Issues and challenges in transport related to promoting regional connectivity: transport policy, infrastructure, facilitation and logistics

Note by the secretariat

Corrigendum

1. Paragraph 15

Replace the first sentence with the following:

Given the extent of the work to be accomplished in developing Asia's transport infrastructure, focusing on the promotion of selected international corridors, including Euro-Asian transport linkages, is a practical means of developing the transport network.

2. Paragraph 55

Replace the second sentence with the following:

One approach to this is to focus efforts on a set of strategic international corridors, including Euro-Asian transport linkages, that integrate the Asian Highway, Trans-Asian Railway and other modes of transport through dry ports, identify the issues and challenges on these corridors, then make concerted efforts to fully operationalize the corridors by removing the various physical and non-physical barriers.

3. Paragraph 93

Subparagraph (c), *replace* the text with the following:

(c) Initiating the operationalization of selected international intermodal transport corridors, including Euro-Asian Transport linkages;

4. Paragraph 109

After subparagraph (a), *insert* the following subparagraph and *renumber* subsequent subparagraphs accordingly:

(b) Continuing to work with the Economic Commission for Europe (ECE) on removing bottlenecks and operationalizing transport corridors along Euro-Asian transport linkages;
