The Economic and Social Council,

Recalling General Assembly resolutions [59/209](#) of 20 December 2004 and [67/221](#) of 21 December 2012, both on a smooth transition strategy for countries graduating from the category of least developed countries,

Recalling also General Assembly resolution [76/258](#) of 1 April 2022, by which the Assembly endorsed the Doha Programme of Action for the Least Developed Countries,

Recalling further General Assembly resolution [69/15](#) of 14 November 2014, by which the Assembly endorsed the outcome document of the third International Conference on Small Island Developing States, entitled “SIDS Accelerated Modalities of Action (SAMOA) Pathway”, as well as Assembly resolution [74/3](#) of 10 October 2019, by which the Assembly adopted the political declaration of the high-level meeting to review progress made in addressing the priorities of small island developing States through the implementation of the Samoa Pathway,

Recalling the Sendai Framework for Disaster Risk Reduction 2015–2030,¹ in which it was recognized that the least developed countries warrant particular attention in view of their higher vulnerability and risk levels, which often greatly exceed their capacity to respond to and recover from disasters, and recognizing the relevance of disaster risk and the impact of disasters in the process of graduation from the least developed country category,

Recalling also its resolutions 1998/46 of 31 July 1998, 2007/34 of 27 July 2007, [2013/20](#) of 24 July 2013 and [2021/11](#) of 8 June 2021,
