1. The amounts appropriated by the General Assembly, as indicated in the table above, were apportioned among Member States in accordance with the provisions set out in section I.B below and shown in section III.

B. Apportionment of the costs of peacekeeping operations

2. Pursuant to its resolution [55/235](#), the General Assembly decided that, beginning on 1 July 2001, assessment rates for the financing of peacekeeping operations should be based on the scale of assessments for the regular budget of the United Nations, with an appropriate and transparent system of adjustments based on levels of Member States. Under that system, Member States were assigned to 1 of 10 “levels” to facilitate automatic, predictable movement between categories on the basis of their per capita gross national product (GNP). Discount rates were applied to eight of the different levels on the basis of the parameters set out in the resolution. Member States in level B are assessed at the same rate as for the regular budget, while Member States other than those assigned to levels A, C and J were assigned to levels on the basis of their per capita GNP, subject to transition periods and unless they indicated a decision to move to a higher level. The assignment of contribution levels for Member States is indicated in Assembly resolution [55/235](#), as adjusted in resolutions [55/236](#) and [57/290](#) A.

3. The five permanent members of the Security Council form a separate level (level A), and all discounts resulting from adjustments to the regular budget assessment rates of Member States in levels C to J are borne on a pro rata basis by the Member States in level A, which are assessed at a higher rate than for the regular budget. Member States designated as least developed countries are assigned to level J and receive the highest discount percentage, namely, 90 per cent. They therefore pay

10 per cent of their assessment rates established for the regular budget. Countries in level C are specified in resolution [55/235](#).

4. By its resolution [73/271](#), the Assembly adopted the scale of assessments for the period 2019–2021. The composition of levels of contribution for peacekeeping operations was also changed for the period 2019–2021 (see [A/73/350/Add.1](#), annex) and adopted by the Assembly in its resolution [73/272](#). By its resolution [76/238](#), the Assembly adopted the scale of assessments for the period 2022–2024. The composition of levels of contribution for peacekeeping operations was also changed for the period 2022–2024 (see [A/76/296/Rev.1/Add.1](#), annex) and adopted by the Assembly in its resolution [76/239](#). The percentage shares shown in section III below demonstrate the results of the application of the latest resolutions.

II. Basis for credits in respect of the Tax Equalization Fund

5. Under regulation 3.2 (e) of the Financial Regulations and Rules of the United Nations, adjustments shall be made to the assessment of Member States in respect of their credits in the Tax Equalization Fund estimated to be not required to meet charges for tax refunds for the financial periods below.
