Anexo de la carta de fecha 4 de abril de 2018 dirigida al Secretario General por la Representante Permanente del Pakistán ante las Naciones Unidas

Carta de fecha 12 de marzo de 2018 dirigida al Secretario General por el Ministro de Relaciones Exteriores del Pakistán

La situación en la línea de control y la línea de demarcación provisional

Quisiera referirme a las cartas anteriores dirigidas a usted, de fecha 6 de diciembre, 31 de octubre, 6 de junio y 27 de abril de 2017, sobre el constante deterioro de la situación de los derechos humanos en el territorio de Jammu y Cachemira ocupado por la India, donde las fuerzas de ocupación indias han sembrado el terror y cometido atrocidades contra cachemiros indefensos e inocentes.

Miles de civiles cachemiros inocentes en el territorio de Jammu y Cachemira ocupado por la India protestan cada día en las calles. Su única demanda es la realización del derecho a la libre determinación prometido por las Naciones Unidas. Desde julio de 2016, cientos de cachemiros inocentes han resultado muertos y más de 20.000 heridos. Decenas de personas han quedado permanentemente ciegas o padecen ceguera parcial o total. Esos actos bárbaros requieren un llamamiento a la acción urgente de la comunidad internacional.

Recordará que, al dirigirse a la Asamblea General en su septuagésimo segundo período de sesiones, el Primer Ministro del Pakistán presentó argumentos sólidos sobre la controversia de Jammu y Cachemira a la comunidad internacional y puso de relieve las graves violaciones de los derechos humanos perpetradas por las fuerzas indias en el territorio de Jammu y Cachemira ocupado por la India. Recalcó la brutal represión por la India de la lucha por la libre determinación del pueblo de Jammu y Cachemira ocupado por la India. El Primer Ministro pidió que se hiciera una investigación internacional de los crímenes perpetrados por la India en el territorio de Jammu y Cachemira ocupado por la India y pidió al Secretario General y al Alto Comisionado para los Derechos Humanos que enviaran una comisión de investigación al territorio de Jammu y Cachemira ocupado por la India para verificar el carácter y el alcance de las violaciones de los derechos humanos cometidas por la India, se fijase un castigo para los responsables y se proporcionase justicia y reparación a las víctimas. También exhortó al Secretario General a que nombrase un enviado especial para Jammu y Cachemira.

Es alarmante que en lugar de poner fin a estas brutalidades, las fuerzas de ocupación indias han intensificado deliberadamente las tensiones en la línea de control y la línea de demarcación provisional a fin de desviar la atención de la comunidad internacional de la grave situación de los derechos humanos en el territorio de Jammu y Cachemira ocupado por la India.

En 2017 se produjo una escalada sin precedentes de las violaciones del alto el fuego por las fuerzas de ocupación indias a lo largo de la línea de control y la línea de demarcación provisional. Cincuenta y cuatro civiles inocentes fueron martirizados y más de 200 resultaron heridos en 1.970 violaciones del alto el fuego en 2017. Esta cifra incluye a mujeres, niños y ancianos.

La tendencia se intensificó aún más en los dos primeros meses de 2018, en que el número total de violaciones del alto el fuego cometidas por las fuerzas indias aumentó a más de 400. Como resultado, 20 civiles inocentes fueron martirizados y otros 71 resultaron heridos. Las aldeas pobladas de civiles a lo largo de la línea de control y la línea de demarcación provisional son constantemente objeto de ataques

con morteros pesados y armas automáticas. El uso indiscriminado de esas armas de calibre pesado ha aumentado el número de bajas.

El Pakistán ha presentado muchas protestas a la India por las violaciones del alto el fuego y la consiguiente pérdida de valiosas vidas. Se adjuntan copias de todas las gestiones enviadas a la Alta Comisión de la India en 2017 (véase el apéndice).

Las acciones de la India son una amenaza para la paz y la tranquilidad regionales y pueden conducir a un error de cálculo estratégico en el Asia Meridional nuclearizada. Le agradecería que tuviera a bien que las gestiones adjuntas se distribuyeran como documentos del Consejo de Seguridad para que la comunidad internacional pueda concienciarse acerca de la gravedad de las atrocidades de la India.

Additionally, there is confirmed intelligence, regarding unusual aggressive deployment of men, including commandos and heavy material on the other side of the LoC.

We have credible information that the Indian forces are planning to undertake an offensive/adventure across the LoC imminently. We would urge the Government of India to refrain from any such misadventure, as it can lead to a strategic miscalculation.
