*Reaffirming* its strong commitment to the sovereignty, unity and territorial integrity of Mali, *emphasizing* that the Malian authorities have primary responsibility for the provision of stability and security throughout the territory of Mali, and *underscoring* the importance of achieving national ownership of peace- and security-related initiatives,

*Recalling* the provisions of the Agreement on Peace and Reconciliation in Mali (“the Agreement”) calling upon the Security Council to give its full support to the Agreement, to closely monitor its implementation and, if necessary, to take measures against anyone hindering the implementation of the commitments contained therein or the realization of its objectives,

*Recognizing* that some progress was made during the past eight months in the implementation of the Agreement, and that a combination of some level of political will and international pressure, including through the prospect of sanctions, constituted important factors in securing this progress, *expressing* a significant sense of impatience with parties over the persistent delays in the full implementation of key provisions of the Agreement, *further noting* that continued delays in implementation contribute to a political and security vacuum jeopardizing the stability and development of Mali as well as the viability of the Agreement, *stressing* the need for increased ownership and prioritization in the implementation of the Agreement, and *further stressing* the importance of the full, effective and meaningful participation of

women in the mechanisms established by the Agreement to support and monitor its implementation,
