Draft resolution I

Report of the United Nations Commission on International Trade Law on the work of its thirty-sixth session

The General Assembly,

Recalling its resolution 2205 (XXI) of 17 December 1966, by which it established the United Nations Commission on International Trade Law with a mandate to further the progressive harmonization and unification of the law of international trade and in that respect to bear in mind the interests of all peoples, in particular those of developing countries, in the extensive development of international trade,

Reaffirming its belief that the progressive modernization and harmonization of international trade law, in reducing or removing legal obstacles to the flow of international trade, especially those affecting the developing countries, would contribute significantly to universal economic cooperation among all States on a basis of equality, equity and common interest and to the elimination of discrimination in international trade and, thereby, to the well-being of all peoples,

Having considered the report of the Commission on its thirty-sixth session,¹

Concerned that activities undertaken by other bodies in the field of international trade law without adequate coordination with the Commission might lead to undesirable duplication of efforts and would not be in keeping with the aim of promoting efficiency, consistency and coherence in the unification and harmonization of international trade law,

Reaffirming the mandate of the Commission, as the core legal body within the United Nations system in the field of international trade law, to coordinate legal activities in this field, in particular to avoid duplication of efforts, including among organizations formulating rules of international trade, and to promote efficiency, consistency and coherence in the modernization and harmonization of international trade law, and to continue, through its secretariat, to maintain close cooperation with other international organs and organizations, including regional organizations, active in the field of international trade law, as stated in General Assembly resolution 50/47 of 11 December 1995,

Taking note of the proposals made by the Secretary-General in the proposed programme budget for the biennium 2004-2005 with a view to strengthening the secretariat of the Commission within the bounds of the resources available in the Organization so as to enable it to deal with the increased workload arising, inter alia, from the coordination of work with other organizations and growing demands for legislative technical assistance,²

Draft resolution II

Model Legislative Provisions on Privately Financed Infrastructure Projects of the United Nations Commission on International Trade Law

The General Assembly,

Bearing in mind the role of public-private partnerships to improve the provision and sound management of infrastructure and public services in the interest of sustainable economic and social development,

Recognizing the need to provide an enabling environment that both encourages private investment in infrastructure and takes into account the public interest concerns of the country,

Emphasizing the importance of efficient and transparent procedures for the award of privately financed infrastructure projects,

Stressing the desirability of facilitating project implementation by rules that enhance transparency, fairness and long-term sustainability and remove undesirable restrictions on private sector participation in infrastructure development and operation,

Recalling the valuable guidance that the United Nations Commission on International Trade Law has provided to Member States towards the establishment of a favourable legislative framework for private participation in infrastructure development through the *UNCITRAL Legislative Guide on Privately Financed Infrastructure Projects*,¹

Believing that the Model Legislative Provisions on Privately Financed Infrastructure Projects of the United Nations Commission on International Trade Law will be of further assistance to States, in particular developing countries, in promoting good governance and establishing an appropriate legislative framework for such projects,

1. *Expresses its appreciation* to the United Nations Commission on International Trade Law for the completion and adoption of the Model Legislative Provisions on Privately Financed Infrastructure Projects, the text of which is contained in annex I to the report of the United Nations Commission on International Trade Law on its thirty-sixth session;²

2. *Requests* the Secretary-General to publish the Model Legislative Provisions and to make all efforts to ensure that the Model Legislative Provisions along with the *UNCITRAL Legislative Guide on Privately Financed Infrastructure Projects*¹ become generally known and available;

3. *Also requests* the Secretary-General, subject to availability of resources, to consolidate in due course the text of the Model Legislative Provisions and the *Legislative Guide* into one single publication and, in doing so, to retain the legislative recommendations contained in the *Legislative Guide* as a basis of the development of the Model Legislative Provisions;
