III. Recommendation of the Second Committee

13. The Second Committee recommends to the General Assembly the adoption of the following draft resolutions:

Draft resolution I

International Decade for Action, “Water for Sustainable Development”, 2018-2028

The General Assembly,

Recalling its resolutions [47/193](#) of 22 December 1992 on the observance of World Day for Water, [55/196](#) of 20 December 2000, by which it proclaimed 2003 the International Year of Freshwater, [58/217](#) of 23 December 2003, by which it proclaimed the International Decade for Action, “Water for Life”, 2005-2015, [61/192](#) of 20 December 2006, by which it proclaimed 2008 the International Year of Sanitation, [65/154](#) of 20 December 2010, by which it proclaimed 2013 the International Year of Water Cooperation, and [67/204](#) of 21 December 2012 on the implementation of the International Year of Water Cooperation, 2013,

Recalling also its resolutions [64/198](#) of 21 December 2009 on the midterm comprehensive review of the implementation of the International Decade for Action, “Water for Life”, 2005-2015, and [69/215](#) of 19 December 2014, in which it welcomed activities undertaken for the observance of the Decade and encouraged relevant parties to continue to take steps to achieve the internationally agreed water-related goals,

Recalling further its resolutions [68/157](#) of 18 December 2013 on the human right to safe drinking water and sanitation and [70/169](#) of 17 December 2015 on the human rights to safe drinking water and sanitation, and the relevant resolutions of the Human Rights Council, including resolutions 24/18 of 27 September 2013¹ and 27/7 of 25 September 2014,²

Recalling Economic and Social Council resolutions 1980/67 of 25 July 1980 on international years and anniversaries and 1989/84 of 24 May 1989 on guidelines for international decades in economic and social fields and General Assembly resolutions [53/199](#) of 15 December 1998 and [61/185](#) of 20 December 2006 on the proclamation of international years,

Recalling also its resolutions [70/1](#) of 25 September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development”, and [70/299](#) of 29 July 2016 on follow-up and review of the 2030 Agenda for Sustainable Development at the global level,

Reaffirming the sustainable development goals and targets, including those related to water resources, contained in the 2030 Agenda for Sustainable

Development, and determined to achieve the goal of ensuring the availability and sustainable management of water and sanitation for all and other related goals and targets,

Recalling the outcome document of the United Nations Conference on Sustainable Development,³ which highlighted the commitment to the International Decade for Action, “Water for Life”, 2005-2015,

Reaffirming that the Addis Ababa Action Agenda of the Third International Conference on Financing for Development⁴ is an integral part of the 2030 Agenda for Sustainable Development and that the full implementation of the Addis Ababa Action Agenda is critical for the realization of the Sustainable Development Goals and targets,

Emphasizing that water is critical for sustainable development and the eradication of poverty and hunger, that water, energy, food security and nutrition are linked and that water is indispensable for human development, health and well-being and a vital element of achieving the Sustainable Development Goals and other relevant goals in the social, environmental and economic fields,

Deeply concerned that lack of access to a safe drinking water source, basic sanitation and sound hygiene, water-related disasters, water scarcity and water pollution will be further exacerbated by urbanization, population growth, desertification, drought and other extreme weather events and climate change, as well as by the lack of capacity to ensure integrated water resource management,

Concerned with the slow progress in advocating for, and addressing existing gaps in, gender mainstreaming and the empowerment of women that hamper the achievement of sustainable development goals and targets,

Concerned also that many water-related ecosystems are threatened by poor management and unsustainable development and face increased uncertainty and risks due to climate change and other factors,

Recalling that the Addis Ababa Action Agenda, among other things, seeks to develop and implement holistic disaster risk management at all levels in line with the Sendai Framework for Disaster Risk Reduction 2015-2030,⁵

Acknowledging the importance of deepening cooperation and partnership at all levels for the achievement of the internationally agreed development goals on water and sanitation,

Recognizing that water-related issues, including relevant Sustainable Development Goals and targets, need to be better reflected in the agendas of the General Assembly and the Economic and Social Council,

Noting national, regional and global efforts and partnership initiatives to implement the International Decade for Action, “Water for Life”, 2005-2015, the numerous recommendations from global and regional water and water-related

events and the water-related Sustainable Development Goals and targets contained in the 2030 Agenda for Sustainable Development,

Noting also the establishment of the High-level Panel on Water by the Secretary-General and the President of the World Bank, and looking forward to its work,

Noting further the *United Nations World Water Development Report*, a joint project of United Nations agencies and entities, in particular the edition entitled *Water for a Sustainable World*, the report of the annual international conference of UN-Water held in Zaragoza, Spain, in 2015, on the theme “Water and sustainable development: from vision to action”, UN-Water advice on means of implementation of the water-related Sustainable Development Goals and the work of the Advisory Board on Water and Sanitation,

Recognizing the important role of relevant initiatives and multi-stakeholder partnerships in building political support and encouraging investment in water and sanitation,

Noting the outcomes and the Ministerial Declaration of the seventh World Water Forum, held in Daegu and Gyeongbuk, Republic of Korea, from 12 to 17 April 2015,

Noting also the outcomes of the high-level interactive dialogue at the sixty-ninth session of the General Assembly, held on 30 March 2015,

Noting further the Declaration of the High-level International Conference on the Implementation of the International Decade for Action, “Water for Life”, 2005-2015, held in Dushanbe on 9 and 10 June 2015,⁶ and the call for action of the high-level symposium on the theme “Sustainable Development Goal 6 and targets: ensuring that no one is left behind in access to water and sanitation”, held in Dushanbe on 9 and 10 August 2016,

1. *Takes note* of the report of the Secretary-General on the International Decade for Action, “Water for Life”, 2005-2015, and further efforts to achieve the sustainable development of water resources;⁷

2. *Welcomes* the activities related to water undertaken by Member States, the United Nations Secretariat and organizations of the United Nations system, inter alia, through inter-agency work, as well as contributions from major groups, for the observance of the International Year of Sanitation, 2008, the International Year of Water Cooperation, 2013, and the International Decade for Action, “Water for Life”, 2005-2015;

3. *Proclaims* the period from 2018 to 2028 the International Decade for Action, “Water for Sustainable Development”, to commence on World Water Day, 22 March 2018, and terminate on World Water Day, 22 March 2028;

4. *Decides* that the objectives of the Decade should be a greater focus on the sustainable development and integrated management of water resources for the achievement of social, economic and environmental objectives and on the

⁶ See [A/C.2/70/5](#), annex.

⁷ [A/71/260](#).

implementation and promotion of related programmes and projects, as well as on the furtherance of cooperation and partnership at all levels in order to help to achieve internationally agreed water-related goals and targets, including those contained in the 2030 Agenda for Sustainable Development;⁸

5. *Highlights* the importance of promoting efficient water usage at all levels, taking into account the water, food, energy, environment nexus, including in the implementation of national development programmes;

6. *Decides* that these objectives should be pursued, inter alia, by improving knowledge generation and dissemination, facilitating access to knowledge and exchange of good practices, generating new information relevant to the water-related Sustainable Development Goals, pursuing advocacy, networking and promoting partnership and action by different actors to implement the water-related Goals and targets in coordination with existing initiatives and strengthening communication actions at various levels for the implementation of the water-related Goals;

7. *Stresses* the importance of the participation and full involvement of all relevant stakeholders, including women, children, young people, older persons, persons with disabilities, indigenous peoples and local communities, in the implementation of the Decade at all levels;

8. *Invites* the Secretary-General, with the support of UN-Water, to take appropriate steps, within existing resources, to plan and organize the activities of the Decade at the global, regional and country levels, taking into account the outcomes of the International Decade for Action, “Water for Life”, 2005-2015, and the work of the high-level political forum on sustainable development and other relevant United Nations structures, as well as the High-level Panel on Water;

9. *Emphasizes* the need for further steps to accelerate and sustain action towards the mobilization of means of implementation, and encourages the development, dissemination, diffusion and transfer of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed, and for the stepping up of international cooperation and collaboration in science, research and innovation for the sustainable development of water resources at the local, national and regional levels, including through public-private and multi-stakeholder partnerships, and on the basis of common interest and mutual benefit;

10. *Encourages* the Secretary-General to continue efforts to promote the mobilization of financial resources and technical assistance and to strengthen the effectiveness and the full utilization of existing international funds for the effective implementation of the water-related Sustainable Development Goals and targets;

11. *Requests* the Secretary-General, with the support of UN-Water, the specialized agencies, the regional commissions and other entities of the United Nations system, mindful of the provisions contained in the annex to Economic and Social Council resolution 1989/84, to facilitate the implementation of the Decade in cooperation with Governments and other relevant stakeholders;

⁸ Resolution [70/1](#).

12. *Requests* the President of the General Assembly to convene, during the seventy-first session, a working-level dialogue to discuss improving the integration and coordination of the work of the United Nations on the water-related goals and targets under its sustainable development pillar, with a particular emphasis on the 2030 Agenda for Sustainable Development, while preserving its integrated and indivisible nature, and a subsequent working-level dialogue to take stock of the discussions at the first dialogue and to exchange views on the relevance of possible next steps, and in this regard:

(a) *Decides* that the dialogues shall be ad hoc, informal, inclusive, open-ended and interactive, with the participation of countries, relevant regional and international organizations, relevant United Nations system entities, UN-Water and other relevant stakeholders;

(b) *Invites* the President of the General Assembly to appoint two co-moderators for the dialogues, one from a developed country and one from a developing country, who will also prepare the informal summary of the dialogues;

(c) *Also invites* the President of the General Assembly to prepare a concept note for the dialogues, in collaboration with the co-moderators, taking into consideration relevant work and processes and avoiding duplication;

13. *Decides*, in accordance with Economic and Social Council resolution 1989/84, to review the implementation of the Decade at its seventy-seventh session, and in this regard also decides to consider, at its seventy-third session, the future arrangements for a midterm comprehensive review of the Decade;

14. *Encourages* Member States, relevant United Nations bodies, the specialized agencies, the regional commissions and other organizations of the United Nations system, as well as other relevant partners, including the private sector, to contribute to the International Decade for Action, “Water for Sustainable Development”, 2018-2028, building on the momentum gained during the International Decade for Action, “Water for Life”, 2005-2015, in order to support the implementation of the 2030 Agenda for Sustainable Development.

Draft resolution II

Implementation of Agenda 21, the Programme for the Further Implementation of Agenda 21 and the outcomes of the World Summit on Sustainable Development and of the United Nations Conference on Sustainable Development

Reaffirming the importance of supporting the implementation of the African Union's Agenda 2063 and the programme of the New Partnership for Africa's Development,

Reaffirming also the Sendai Declaration and the Sendai Framework for Disaster Risk Reduction 2015-2030,¹⁸ adopted at the Third United Nations World Conference on Disaster Risk Reduction,

Recalling the New Urban Agenda, adopted at the United Nations Conference on Housing and Sustainable Urban Development (Habitat III),

Welcoming the Paris Agreement¹⁹ and its early entry into force, and encouraging all its parties to fully implement the Agreement, and parties to the United Nations Framework Convention on Climate Change²⁰ that have not yet done so to deposit their instruments of ratification, acceptance, approval or accession, where appropriate, as soon as possible,

Emphasizing the importance of oceans for sustainable development, as embodied in Agenda 21, the Johannesburg Plan of Implementation and various decisions taken by the former Commission on Sustainable Development, and welcoming in this regard its decision, in its resolutions 70/226 of 22 December 2015 and 70/303 of 9 September 2016, to convene a high-level United Nations Conference to Support the Implementation of Sustainable Development Goal 14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development, to be held at United Nations Headquarters in New York from 5 to 9 June 2017,

Recognizing that eradicating poverty is the greatest global challenge facing the world today and an indispensable requirement for sustainable development, in particular for developing countries, and that although each country has the primary responsibility for its own sustainable development and poverty eradication and that the role of national policies and development strategies cannot be overemphasized, concerted and concrete measures are required at all levels to enable developing countries to achieve their sustainable development goals related to the internationally agreed poverty-related targets and goals, including those contained in Agenda 21, the relevant outcomes of United Nations conferences, the United Nations Millennium Declaration²¹ and the 2030 Agenda for Sustainable Development,²²

Reaffirming the need to further mainstream sustainable development at all levels, integrating economic, social and environmental aspects and recognizing their interlinkages, so as to achieve sustainable development in all its dimensions, and reiterating that sustainable development is a key element of the overarching framework for United Nations activities,

Recognizing that eradicating poverty, changing unsustainable and promoting sustainable patterns of consumption and production and protecting and managing

the natural resource base of economic and social development are the overarching and essential objectives for sustainable development,

Noting that the advancement of sustainable consumption and production cuts across the three dimensions of sustainable development in an integrated manner,

Welcoming and recalling the commitment in the 2030 Agenda for Sustainable Development to making fundamental changes in the way that societies produce and consume goods and services, stressing that Governments, international organizations, the business sector and other non-State actors and individuals must contribute to changing unsustainable consumption and production patterns, including through the mobilization, from all sources, of financial and technical assistance to strengthen developing countries' scientific, technological and innovative capacities to move towards more sustainable patterns of consumption and production, encouraging the further implementation of the 10-Year Framework of Programmes on Sustainable Consumption and Production Patterns,²³ and noting the importance of all countries taking action, with developed countries taking the lead, taking into account the development and capabilities of developing countries,

Reaffirming the importance of freedom, peace and security, respect for all human rights, including the right to development and the right to an adequate standard of living, as well as the right to food, the rule of law, gender equality and women's empowerment, and the overall commitment to just and democratic societies for development,

Stressing the importance of inclusiveness within the United Nations development system and that no country is left behind in the implementation of the present resolution,

1. *Reaffirms* the outcome document of the United Nations Conference on Sustainable Development, entitled "The future we want",⁶ and urges its full implementation;
2. *Stresses* the importance of the United Nations Conference on Sustainable Development and the resulting processes for the elaboration of the 2030 Agenda for Sustainable Development²² and for the realization of sustainable development;
3. *Recognizes* in this regard that the 2030 Agenda for Sustainable Development builds upon elements from the outcome document of the United Nations Conference on Sustainable Development, entitled "The future we want", inter alia: the establishment of the high-level political forum on sustainable development, the format and organizational arrangements of which were later established by its resolution 67/290; a strengthened Economic and Social Council, as later defined in its resolution 68/1; the process that led to the adoption of the Sustainable Development Goals, as later defined in its resolutions 68/309 and 70/1; the strengthening of the science-policy interface, including in the form of a global sustainable development report; and the process that led to the adoption of the Technology Facilitation Mechanism;
4. *Takes note* of the report of the Secretary-General on the implementation of Agenda 21, the Programme for the Further Implementation of Agenda 21 and the

outcomes of the World Summit on Sustainable Development and of the United Nations Conference on Sustainable Development;²⁴

5. *Stresses* the importance of overcoming silos and seeking innovative and coordinated approaches in integrating the three dimensions of sustainable development — economic, social and environmental — at the global, regional and national levels, and requests the United Nations to further mainstream and integrate the three dimensions throughout the United Nations system;

6. *Affirms* the contributions of the ongoing efforts and commitments towards the full implementation of Agenda 21,² the Programme for the Further Implementation of Agenda 21,³ the Johannesburg Plan of Implementation,⁵ including the time-bound goals and targets, and the other internationally agreed development goals, as well as the outcome document of the United Nations Conference on Sustainable Development, and stresses the importance of their continued implementation in the pursuit of sustainable development;

7. *Urges* the speedy and effective implementation and the effective follow-up and review of the sustainable development priorities for small island developing States identified in the SIDS Accelerated Modalities of Action (SAMOA) Pathway¹⁶ and set out in the 2030 Agenda for Sustainable Development, and reaffirms that small island developing States remain a special case for sustainable development in view of their unique and particular vulnerabilities;

8. *Emphasizes* that regional and subregional organizations have a role to play in promoting sustainable development in their respective regions by, inter alia, promoting peer learning and cooperation, including South-South and triangular cooperation, as well as effective linkages among global, regional, subregional and national processes, as appropriate, to advance sustainable development;

9. *Notes* that the United Nations Conference on Sustainable Development, among other commitments on sustainable consumption and production, adopted the 10-Year Framework of Programmes on Sustainable Consumption and Production Patterns²³ as a tool for action on sustainable consumption and production, and in this regard recognizes the commitment by the United Nations Environment Assembly to accelerate its implementation, including through relevant voluntary actions by Member States;

10. *Takes note* of United Nations Environment Assembly resolution 2/8 of 27 May 2016 on sustainable consumption and production;²⁵

11. *Decides* to designate the Economic and Social Council to receive reports from the Board and the secretariat of the 10-Year Framework of Programmes on Sustainable Consumption and Production Patterns, and affirms that due consideration should continue to be given to sustainable consumption and production at the meetings of the high-level political forum on sustainable development under the auspices of the Economic and Social Council;

²⁵ *Official Records of the General Assembly, Seventy-first Session, Supplement No. 25 (A/71/25)*, annex.

12. *Takes note* of the report of the Secretary-General on the mainstreaming of the three dimensions of sustainable development throughout the United Nations system,²⁶ reiterates the call of the United Nations Conference on Sustainable Development and in the 2030 Agenda for Sustainable Development for the further mainstreaming of the three dimensions throughout the United Nations system, and in this regard invites the Secretary-General to continue to report to the General Assembly, through the Economic and Social Council, on progress made, including for the consideration of the high-level political forum on sustainable development;

13. *Calls upon* the relevant organizations of the United Nations system, within their respective mandates and resources, to ensure that no country is left behind in the implementation of the present resolution;

14. *Requests* the Secretary-General to submit to the General Assembly at its seventy-second session a report on the implementation of the present resolution and to include in the report a comprehensive and substantive analysis of the unfinished business of Agenda 21, the Programme for the Further Implementation of Agenda 21 and the outcomes of the World Summit on Sustainable Development and of the United Nations Conference on Sustainable Development;

15. *Decides* to include in the provisional agenda of its seventy-second session, under the item entitled “Sustainable development”, the sub-item entitled “Implementation of Agenda 21, the Programme for the Further Implementation of Agenda 21 and the outcomes of the World Summit on Sustainable Development and of the United Nations Conference on Sustainable Development”, unless otherwise agreed.
