

**General Assembly  
Security Council**Distr.: General  
16 January 2020

Original: English

**General Assembly**  
**Seventy-fourth session**  
Agenda items 32 and 37**Security Council**  
**Seventy-fifth year****Protracted conflicts in the GUAM area and their  
implications for international peace, security  
and development****The situation in the occupied territories of Azerbaijan****Letter dated 13 January 2020 from the Permanent Representative  
of Azerbaijan to the United Nations addressed to the  
Secretary-General**

Upon instructions from my Government, I have the honour to transmit herewith the records of violations of the ceasefire by the Republic of Armenia in December 2019 (see annex).\*

During the reporting period, the armed forces of Armenia violated the ceasefire regime 703 times, and continued to use large-calibre guns and heavy weaponry from their positions in the occupied territories of the Republic of Azerbaijan and from the territory of the Republic of Armenia.

As a result, one serviceman of the armed forces of the Republic of Azerbaijan was wounded during the month of December.

The military occupation by the armed forces of Armenia of the territory of Azerbaijan is a result of the explicitly annexationist agenda of Armenia and is the major obstacle to achieving peace, security, stability and socioeconomic development in the region.

The military occupation of the territory of Azerbaijan does not represent a solution and will never produce a political outcome desired by Armenia. The sooner Armenia withdraws its armed forces from the Nagorno-Karabakh region and other occupied territories of Azerbaijan, the earlier the conflict will be resolved and both countries and their peoples will benefit from the prospects of cooperation and economic development.

I should be grateful if you would have the present letter and its annex circulated as a document of the General Assembly, under agenda items 32 and 37, and of the Security Council.

(Signed) Yashar Aliyev  
Ambassador  
Permanent Representative
