## Seventy-seventh session

Agenda item 16 (e)

### Macroeconomic policy questions

## Promoting investments for sustainable development

### Note by the Secretariat

1. The General Assembly, in paragraph 33 of its resolution [76/197](#) on promoting investments for sustainable development, adopted on 17 December 2021, requested the Secretary-General, in collaboration with the secretariat of the United Nations Conference on Trade and Development, to inform the Assembly at its seventy-seventh session of the implementation of the resolution, based on their ongoing research, through a dedicated section of the *World Investment Report*, with a special focus on how to overcome the impacts of the coronavirus disease (COVID-19) pandemic on promoting investments for sustainable development as well as concrete recommendations, including on strategic sectors to invest for the implementation of the 2030 Agenda for Sustainable Development, and looked forward to the continuing consideration of those issues in the forthcoming reports of the Inter-Agency Task Force on Financing for Development.

2. Pursuant to that request, a dedicated chapter is included in the *World Investment Report 2022: International Tax Reforms and Sustainable Investment* (UNCTAD/WIR/2022). The Secretariat therefore has the honour to refer the General Assembly to chapter IV of that report.<sup>1</sup>
