Committee on the Peaceful Uses of Outer Space

Information furnished in conformity with General Assembly resolution 1721 B (XVI) by States launching objects into orbit or beyond

Note verbale dated 14 November 2019 from the Permanent Mission of Egypt to the United Nations (Vienna) addressed to the Secretary-General

The Permanent Mission of Egypt to the United Nations (Vienna) has the honour to transmit, in accordance with paragraph 1 of General Assembly resolution 1721 B (XVI) of 20 December 1961, information on the Egyptian satellite NARSSCube-2, which was launched on 7 August 2019 (see annex).¹

¹ The data on the space object were entered into the Register of Objects Launched into Outer Space as at 20 November 2019.

Annex

Registration data on a space object launched by Egypt*

NARSSCube-2

Committee on Space Research international designator	2019-022H
Name of space object	NARSSCube-2
National designator/registration number	44418
State of registry	Egypt
Other launching States	United States of America
Date and territory or location of launch	7 August 2019 UTC United States
Basic orbital parameters	
Nodal period	94 minutes
Inclination	51.6 degrees
Apogee	493 kilometres
Perigee	476 kilometres
General function of space object	Scientific research and ground imaging

* The information was submitted using the form prepared pursuant to General Assembly resolution 62/101 and has been reformatted by the Secretariat.
