The Working Group may wish to note that, consistent with decisions taken by the Commission at its thirty-fourth session,¹ the Working Group is expected to hold substantive deliberations during the first nine half-day meetings (that is, from Monday to Friday morning), with a draft report on the entire period being presented for adoption at the tenth and last meeting of the Working Group on Friday afternoon.

Item 2. Election of officers

4. In accordance with its practice at previous sessions, the Working Group may wish to elect a Chairman and a Rapporteur.

Item 4. Registration of security rights in movable assets

(a) Background information

5. At its forty-third session (New York, 21 June-9 July 2010), the Commission decided to entrust Working Group VI (Security Interests) with the preparation of a text on the registration of security rights in movable assets.² At that session, it was widely felt that such a text would usefully supplement the Commission's work on secured transactions and provide urgently needed guidance to States with respect to the establishment and operation of security rights registries. In addition, it was stated that secured transactions law reform could not be effectively implemented without the establishment of an efficient, publicly accessible security rights registry. Moreover, it was emphasized that the *UNCITRAL Legislative Guide on Secured Transactions* (the "Guide") did not address in sufficient detail, the various legal,

administrative, infrastructural and operational questions that needed to be resolved to ensure the successful and efficient implementation of a registry.³

6. At that session, the Commission also agreed that, while the specific form and structure of the text could be left to the Working Group, the text could: (a) include principles, guidelines, commentary, recommendations and model regulations; and (b) draw on the *Guide*, texts prepared by other organizations and national law regimes that introduced security rights registries similar to the registry recommended in the *Guide*.⁴

7. At its eighteenth session (Vienna, 8-12 November 2010), the Working Group began its work on the preparation of a text on the registration of notices with respect to security rights in movable assets by considering a note by the Secretariat entitled “Registration of security rights in movable assets” (A/CN.9/WG.VI/WP.44 and Addenda 1 and 2). At that session, the Working Group adopted the working assumption that the text would take the form of a guide on the implementation of a registry of notices with respect to security rights in movable assets and that the text should be consistent with the *Guide*, while, at the same time, taking into account the approaches taken in modern security rights registration systems, national and international (A/CN.9/714, para. 13). At that session, the Working Group also considered certain issues arising from the use of electronic communications in security rights registries to ensure that, like the *Guide*, the text on registration would also be consistent with those principles (A/CN.9/714, paras. 34-47).

8. At its nineteenth session (New York, 11-15 April 2011), the Working Group considered a note by the Secretariat entitled “Draft Security Rights Registry Guide” (A/CN.9/WG.VI/WP.46 and Addenda 1 to 3). At that session, differing views were expressed as to the form and content of the text to be prepared (A/CN.9/719, paras. 13-14), as well as with respect to the question whether the text should include model regulations or recommendations (A/CN.9/719, para. 46).

9. At its forty-fourth session (Vienna, 27 June-8 July 2011), the Commission expressed its appreciation to the Working Group and the Secretariat for the progress achieved, emphasizing the significance of the Working Group’s work in particular in view of efforts undertaken by States towards establishing a registry, as well as the potential beneficial impact of such a registry on the availability and the cost of credit. With respect to the form and content of the text to be prepared, while a suggestion was made that the text should be formulated in the form of a guide with commentary and recommendations following the approach taken in the *Guide*, rather than as a text with model regulations and commentary thereon, the Commission agreed that the mandate of the Working Group, leaving the specific form and content of the text to the Working Group, did not need to be modified. It was further agreed, that, in any case, the Commission would make a final decision once the Working Group had completed its work and submitted the text to the Commission.⁵ After discussion, the Commission, noting the significant progress made by the Working Group in its work and the guidance urgently needed by a

number of States, requested the Working Group to proceed with its work expeditiously.⁶

10. At its twentieth session (Vienna, 12-16 December 2011), the Working Group considered a note by the Secretariat entitled “Draft Security Rights Registry Guide” (A/CN.9/WG.VI/WP.48/Add.3). The Working Group agreed that, as to the form of the text, it should be a guide (the “draft Registry Guide”) with commentary and recommendations along the lines of the *Guide* (A/CN.9/740, para. 18). In addition, it was agreed that, where the draft Registry Guide offered options, examples of model regulations could be included in an annex to the draft Registry Guide. As to the presentation of the text, it was agreed that the draft Registry Guide should be presented as a separate, stand-alone, comprehensive text that would be consistent with the *Guide*, and be tentatively entitled “Technical Legislative Guide on the Implementation of a Security Rights Registry” (A/CN.9/740, para. 30). The Working Group agreed to revisit the issue of the presentation of the text and its title once it had completed its work (A/CN.9/740, para. 30). As to future work, it was agreed that, while the draft Registry Guide was an important text that was urgently needed by States, it was premature to decide to submit it, in whole or in part, to the Commission for approval at its forty-fifth session (A/CN.9/740, para. 92). It was widely felt that the Working Group should be able to consider its future work at its twenty-first session, when it expected to have a more complete overview of all the material in the draft Registry Guide. The Working Group requested the Secretariat to prepare a revised version of the text reflecting the deliberations and decisions of the Working Group (A/CN.9/740, para. 13).

(b) Documentation for the twenty-first session

11. The Working Group will have before it, and may wish to use as a basis of its considerations, a note by the Secretariat entitled “Draft Security Rights Registry Guide” (A/CN.9/WG.VI/WP.48 and Add.1-2), as well as another note by the Secretariat entitled “Draft Technical Legislative Guide on the Implementation of a Security Rights Registry” (A/CN.9/WG.VI/WP.50 and Addenda).
