Open-ended working group on conventional ammunition

Third substantive session

New York, 13–17 February 2023

Logistical arrangements and other organizational matters

Note by the Secretariat

1. The General Assembly, in its resolution [76/233](#), decided to establish an open-ended working group to elaborate a set of political commitments as a new global framework that would address existing gaps in through-life ammunition management, including international cooperation and assistance, without prejudice to national legal systems addressing national ammunition ownership, possession and use, and would be part of a comprehensive framework to support safe, secure and sustainable through-life ammunition management at the national, subregional, regional and global levels, building upon and complementing existing frameworks, whereas cooperation at the regional and subregional levels should be considered on a voluntary basis.
2. The third substantive session of the open-ended working group will be held from 13 to 17 February 2023 in Conference Room 1 at United Nations Headquarters in New York.
3. The session is scheduled to be held in person, with plenary meetings from 10 a.m. to 1 p.m. and from 3 to 6 p.m. Informal meetings may be held in a hybrid format.
4. United Nations Web TV coverage will be provided for the duration of the session (open, formal meetings only).
