2477 (XXIII). United Nations International School

The General Assembly,

Having considered the report of the Secretary-General²⁶ and the report of the Board of Trustees of the United Nations International School annexed thereto, and the report of the Advisory Committee on Administrative and Budgetary Questions thereon,²⁷

Noting that all studies on the physical and economic feasibility of building the United Nations International School on the site lying between East 39th and 40th Streets west of First Avenue have not yet yielded a basis on which a decision to construct the building at this site could be taken,

Considering that interim arrangements have been made at East 54th Street and East 51st Street through the Ford Foundation and the City of New York respectively for the period of construction of the new school,

Noting the rapid growth in school enrolment and the urgent need for a permanent solution to the physical problem of the School,

Noting with regret the slow growth of the Development Fund,

Noting that the Board of Trustees has made arrangements for necessary technical and financial checks on the cost of constructing a 1,500-pupil school at East 39th Street and has opened negotiations for an extension of the lease at East 25th Street to provide safeguards for ensuring that a new school can be constructed within the funds and the time available,

Noting that the School faces a deficit of \$61,400 for the current school year,

1. *Requests* the Secretary-General to continue to extend his good offices to the Board of Trustees of the United Nations International School and to urge the Board of Trustees to reach a speedy solution to the problem of a permanent accommodation for the School in order that the building of the permanent premises will if possible start before 1 June 1969;

2. *Requests* the Secretary-General to explore with delegations and with the Board of Trustees new proposals for achieving the target of the Development Fund at the earliest possible date;

3. *Decides* to contribute \$61,000 to the International School Fund in 1969 to cover the deficit foreseen for the current school year;

4. *Requests* the Secretary-General to report to the General Assembly at its twenty-fourth session on the implementation of the present resolution.
