34/227. United Nations Industrial Development Organization

The General Assembly,

Recalling its resolutions 3201 (S-VI) and 3202 (S-VI) of 1 May 1974, containing the Declaration and the Programme of Action on the Establishment of a New International Economic Order, 3281 (XXIX) of 12 December 1974, containing the Charter of Economic Rights and Duties of States, and 3362 (S-VII) of 16 September 1975 on development and international economic co-operation,

Recalling also the Lima Declaration and Plan of Action on Industrial Development and Co-operation,[64] adopted at the Second General Conference of the United Nations Industrial Development Organization, held at Lima from 12 to 26 March 1975, which established the main measures and principles for industrial development and co-operation within the framework of the establishment of the new international economic order,

Recalling further its resolution 33/78 of 15 December 1978 on industrial development co-operation and Economic and Social Council resolution 1979/54 of 2 August 1979 on the same subject,

Bearing in mind, in particular, that the rapid industrialization of developing countries constitutes an indispensable element and a dynamic instrument in the sustained, self-reliant growth of their economies and of their social transformation,

Stressing the need to accelerate the implementation of measures for the achievement of industrial development co-operation, particularly those contained in the Lima Declaration and Plan of Action, with a view to raising the share of developing countries to at least 25 per cent of total world industrial production by the end of the century, as called for in the Lima Declaration,

1. *Emphasizes* that the programme budget proposals in respect of the United Nations Industrial Development Organization for the biennium 1980-1981 should reflect the priorities agreed upon at the thirteenth session of the Industrial Development Board,[65] as endorsed by the Economic and Social Council in its resolution 1979/54;

2. *Reaffirms* that the programmes being developed by the United Nations Industrial Development Organization in respect of the system of consultations, the Industrial and Technological Information Bank and technical assistance are of the utmost priority and urgency to developing countries, and hence the momentum of their growth must be maintained in the biennium 1980-1981;

3. *Requests* the Secretary-General, accordingly, to submit, during the current session of the General Assembly, proposals[66] for the proposed programme budget for the biennium 1980-1981 that would enable the United Nations Industrial Development Organization to execute the programmes in respect of the system of consultations, the Industrial and Technological Information Bank and technical assistance, approved by the Industrial Development Board[65] and endorsed by the Economic and Social Council.

34/228. Review of procedures for the award of contracts

The General Assembly,

Noting that the programme budget of the United Nations contains considerable appropriations for construction of premises,

Noting further that the volume and value of surplus property and equipment are likely to grow with the increase in United Nations activities,

Concerned by the increasing costs of construction projects,

Bearing in mind that the Board of Auditors reported to the Advisory Committee on Administrative and Budgetary Questions that it had made recommendations designed to improve procurement and inventory systems,[67]

Desirous of ensuring that United Nations resources are expended in the most economical manner,

1. *Requests* the Secretary-General to review existing procedures for the award of contracts, including, in particular, construction contracts, bearing in mind the possibility of increased tendering on an international basis, and to report thereon to the General Assembly at its thirty-fifth session;

2. *Further requests* the Secretary-General to submit to the General Assembly at its thirty-fifth session a report on current procedures governing the disposal of surplus property and equipment, together with recommendations on how those procedures can be improved in the interest of maximizing income from the sale of surplus property and equipment.

34/229. Resources for the implementation of the work programme of the United Nations Centre for Human Settlements (Habitat) at the regional level

The General Assembly,

Recalling its resolutions 32/162 of 19 December 1977 on institutional arrangements for international co-operation in the field of human settlements and 33/111 of 18 December 1978 on international co-operation in the field of human settlements,

Noting with regret that the provisions of resolution 32/162, as they relate particularly to the transfer of posts and resources to the United Nations Centre for Human Settlements (Habitat), have still not been fully implemented,

Recalling the undertaking by the Secretary-General to include in the proposed programme budget for the biennium 1980-1981 a request for additional resources for redeployment to the regions,[68]

Noting that the regional commissions have taken steps to implement section IV of General Assembly resolution 32/162,

Taking note of the fact that the Commission on Human Settlements, at its second session, approved the 1980-1981 work programme of the Centre, including proposals for additional resources which would be re-

deployed to the regional commissions to carry out human settlements activities at the regional level,[69]

Noting that the proposed programme budget for the biennium 1980-1981[70] prepared by the Secretary-General does not contain any request for additional resources for the Centre for deployment to the regions,

Requests the Secretary-General to ensure the immediate availability of additional resources necessary to implement at the regional level the work programme of the United Nations Centre for Human Settlements (Habitat) for 1980-1981 as approved by the Commission on Human Settlements at its second session.
