2. *Also reaffirms* the need to continue to ensure the competitiveness of the conditions of service of the common system;

B. Evolution of the margin

Recalling section I.B of its resolution 52/216 of 22 December 1997 and the standing mandate from the General Assembly, in which the Commission is requested to continue its review of the relationship between the net remuneration of the United Nations staff in the Professional and higher categories in New York and that of the comparator civil service (the United States federal civil service) employees in comparable positions in Washington, D.C. (referred to as “the margin”),
