United Nations Voluntary Trust Fund on Contemporary Forms of Slavery

Report of the Secretary-General

Addendum

**Recommendations adopted by the Board of Trustees of the
United Nations Voluntary Trust Fund on Contemporary
Forms of Slavery at its sixth session**

1. At the sixth session, held at the Office of the United Nations High Commissioner for Human Rights (OHCHR) in Geneva from 22 to 26 January 2001, the five members of the Board of Trustees of the United Nations Voluntary Trust Fund on Contemporary Forms of Slavery, Swami Agnivesh (Chairman), Theodor van Boven, Cheikh Saad-Bouh Kamara, Tatiana Matveeva and José de Souza Martins, examined information prepared by its secretariat concerning: grants paid in 1999 and 2000; applications for new travel and project grants; the financial situation of the Fund, including new contributions paid by Governments, non-governmental organizations (NGOs) and individuals; the implementation by the Board and Fund's secretariat of the recommendations approved in 2000; and the application forms for travel and project grants for 2002. The Board of Trustees expressed its appreciation to the Deputy High Commissioner for his address at the opening meeting and briefly met with students of the Instituto Tecnico Commerciale Oscar Romero (Albino, Italy) who have become regular donors to the Fund. The Board also met with representatives of governments, donors, NGOs and individuals, as well as with members of the OHCHR secretariat servicing the Working Group on Contemporary Forms of Slavery, programmes on trafficking and children in armed conflict and the World Conference against Racism, Racial Discrimination, Xenophobia and Related Intolerance. The Board had an informal meeting with members of the Committee on the Rights of the Child to exchange information on the mandate and practice of the two expert organs. Hearings were also organized with representatives of the following international NGOs: Anti-Slavery International, NGO Group for the Convention on the Rights of the Child and the International Catholic Child Bureau (BICE). The recommendations adopted by the Board at its sixth session were approved by the High Commissioner for Human Rights, on behalf of the Secretary-General, on 30 January 2001.

Organization of the Board's sessions

2. The Board recommended that, at the first meeting of its annual session in 2002, the secretariat of the Fund should provide the figures available at OHCHR on contributions received and pledges made and the amount of money available for grants, information received on the use of previous grants disbursed and the number of applications for new grants received.

3. The Board expressed satisfaction with the documentation prepared for its sixth session, in particular the information on the use of previous grants paid in 1999 and 2000 as well as on applications for new travel and project grants. The Board recommended that a meeting with representatives of other concerned international NGOs be organized at its seventh session.

4. The Board recommended that the Bureau of the Commission on Human Rights should continue its practice of giving an opportunity to the Chairman or a member of the Board to deliver a brief statement at the Commission under the relevant agenda item in order to introduce the report of the Secretary-General on the Fund (E/CN.4/2001/82 and Add.1) and to provide updated information to the Commission on the financial situation of the Fund and the activities of the Board.

Review of previous grants

5. The Board reviewed and adopted recommendations on the narrative and financial reports received on the use of travel and project grants paid in 1999 and 2000. The Board reviewed narrative and financial reports on four project grants allocated in 1999 (the file of one project was closed at the fifth session as the Board considered that the narrative and financial reports on the use of the grant were satisfactory). It recommended the closure of three project files as the reports submitted were found to be satisfactory and that its secretariat continue to follow up and seek additional information on the remaining project. The Board also reviewed narrative and financial reports on the use of the 17 project grants allocated in 2000. It decided to close three project files and recommended that its secretariat continue to follow up on the other projects.

Amount of money available for new grants

6. According to information at OHCHR, the amount available for grants was approximately US\$ 285,000, which includes new contributions received (see annex I).

Recommendations for grants

7. At its sixth session, the Board examined 33 applications for travel grants amounting to approximately US\$ 73,000 and 23 applications for project grants amounting to approximately US\$ 330,000.

8. In accordance with General Assembly resolution 46/122 and other approved selection criteria (see annex II), the project and travel grants recommended by the Board and approved by the High Commissioner for Human Rights will assist non-governmental organizations in 15 countries in Africa, the Americas, Asia and Europe. In accordance with the mandate of the Fund, the Board's recommendations focused on assisting representatives of non-governmental organizations from different regions dealing with issues of contemporary forms of slavery to participate in the deliberations of the Working Group on Contemporary Forms of Slavery, as well as on extending, through established channels of assistance, humanitarian, legal and financial aid to individuals whose human rights have been severely violated as a result of contemporary forms of slavery. The Board took into consideration that the Working Group had decided at its twenty-fifth session (see E/CN.4/Sub.2/2000/23, sect. VI.B, recommendation 4) to examine at its twenty-sixth session in 2001, as a matter of priority, the issue of trafficking in persons, with the active participation of non-governmental organizations and victims of trafficking, in preparation for the proposed United Nations year against trafficking in persons. The Board also took into consideration that the Group decided to keep under consideration at its twenty-sixth session the question of debt bondage, the role of corruption in the perpetuation of slavery and slavery-like practices, problems affecting migrant workers, the protection of child labourers, forced labour, trafficking in human organs and issues, forced marriages, ways to combat sexual abuse of children inside the family and the urgent need for adequate help to be offered to victims of such practices.

9. On the basis of the recommendations made by the Board, the High Commissioner approved US\$ 25,715 for travel grants (see annex III) and US\$ 148,700 for project grants (see annex IV), for a total amount of US\$ 174,415. All travel grants have to be released before the next session of the Working Group on Contemporary Forms of Slavery, scheduled to be held from 11 to 15 June 2001, provided that the conditions attached to the grants have been met.

10. An amount of US\$ 32,000 was allocated for the monitoring of projects (see para. 21 below).

11. In addition, in accordance with the United Nations rules governing general trust funds for humanitarian assistance, such as this Fund, 15 per cent of estimated annual expenditures must be earmarked as a reserve for the following year, as well as 13 per cent for programme support costs.

12. Therefore, the balance available for the seventh session for the Board in 2002 is approximately US\$ 20,000.

New guideline concerning project grants

13. The Board recommended that, as a rule, project grants should be allocated for direct assistance to the victims and to local NGOs. Grants may be channelled through international NGOs, provided that they do not keep any part of the grant for their own activities.

14. The Board took into consideration the recommendation of the Sub-Commission on the Promotion and Protection of Human Rights to select beneficiaries of travel grants from all the geographical regions in order to provide the widest possible view of contemporary forms of slavery in the world. However, despite wide dissemination of information on how to apply to the Fund, a majority of the applications received came from countries already selected in previous years by the Board.

Fund-raising

15. On 26 January the Board held its annual meeting with donors, interested governments and intergovernmental organizations. It was encouraged by the high level of participation and by the presence of the Italian students. The following governments were represented at the meeting: Angola, Cyprus, Egypt, Eritrea, France, Germany, Holy See, India, Indonesia, Japan, Morocco, Mauritania, Monaco, Netherlands, Portugal, Russian Federation, Saudi Arabia, South Africa, Sweden, Turkey, Ukraine and United States of America.

16. The Board also very much appreciated the fact that students in the United Kingdom and individuals, including a well-known Italian painter, became donors to the Fund along with Japanese NGOs, thereby increasing popular support to the Fund.

17. The Board thanked the High Commissioner for Human Rights for having sent a letter to all governments appealing for contributions to the Fund, and expressed the wish that she make another appeal in September 2001 in order to obtain sufficient funds to be able to fulfil the mandate in 2002. Taking into consideration the requests received in 2001 and also that the

Board recommended for expenditure almost all the money available at its sixth session, the Fund would need new voluntary contributions totalling US\$ 400,000 before the seventh session of the Board in 2002.

18. It is recalled that in its resolution 2000/12 of 17 August 2000, the Sub-Commission on the Promotion and Protection of Human Rights expressed its appreciation to the donor governments, non-governmental organizations and individuals, in particular new donors, and urged all governments, NGOs, other private and public entities and individuals to contribute annually to the Fund in order to enable the Fund to fulfil its mandate effectively.

Cooperation with the Working Group

19. In accordance with paragraph 9 of Sub-Commission resolution 2000/12, the secretariat of the Working Group should invite at the beginning of February 2001 all members in a position to do so to participate at the twenty-sixth session of the Working Group on Contemporary Forms of Slavery.

20. In selecting new applications for travel grants at its seventh session in 2002, the Board will take into consideration that the Working Group at its twenty-fifth session decided to examine, as a matter of priority at its twenty-seventh session in 2002, the issue of exploitation of children, particularly in the context of prostitution and domestic servitude (see E/CN.4/Sub.2/2000/23, sect. VI.B, recommendation 14).

Other recommendations

21. The High Commissioner for Human Rights approved the recommendation that members of the Board visit projects in order to better evaluate the work carried out and planned. A provisional amount of US\$ 32,000 has been allocated for this purpose.

22. The Board recommended that a new fact sheet or brochure on the activities of the Fund be prepared, for information and fund-raising purposes, in a sufficient number of copies for wide dissemination to NGOs and donors and that fact sheet No. 14 on contemporary forms of slavery should be revised to include a chapter on the activities of the Fund and the Board.

23. The Board recommended that issues of contemporary forms of slavery should receive due attention in the preparatory process leading to the World Conference against Racism, Racial Discrimination, Xenophobia and Related Intolerance and that information on the Fund should be prepared in that respect.

24. The Board recommended that mechanisms dealing with contemporary forms of slavery at the national, regional and international levels be strengthened and that resources should be made available for such issues.
