In paragraph 22 of resolution 1874 (2009) the Security Council calls upon all States Members of the United Nations to report to the Security Council within 45 days of the adoption of the resolution on the steps they have taken with a view to implementing effectively its provisions.

According to the provisions of the Romanian legislation (Emergency Ordinance No. 202/2008, as approved by Law No. 217/2009), Security Council resolution 1874 (2009) was published in the Romanian *Official Journal* No. 554 of 10 August 2009, Part I, pages 12-15. However, the enforcement of the provisions of resolution 1874 (2009) by the Romanian institutions had been initiated on the date of its adoption, as Emergency Ordinance No. 202/2008 ensures the direct applicability and mandatory character at national level of international sanctions adopted by the Security Council (art. 3 (1), in conjunction with art. 1 (1) of Government Emergency Ordinance No. 202/2008) for all subjects of law they address, including natural and legal persons of private law, since their adoption by the Security Council.

According to this legislation, the National Agency for Export Controls (ANCEX)² has a rapid mechanism for the implementation of the mandatory arms embargoes imposed by Security Council resolutions, Common Positions and Joint Actions adopted by the European Union Council or OSCE Decisions. Article 28 (1) of Government Ordinance No. 158/1999 provides that "The Agency shall deny issuance of a license for operations involving military goods if the final recipient's state is under an embargo on weapons transfers established by a resolution of the United Nations Security Council, a common position or a

joint action adopted by the Council of the European Union, or a decision by the Organization for Security and Co-operation in Europe". ANCEX fully complies with the new provisions imposed by Security Council resolution 1874 (2009). - Resolution 1874 (2009) will be used in the process of examination of licence requests, the consultancy requests received by ANCEX from companies regarding Romanian exports of dual-use items to the Democratic People's Republic of Korea and every time an operation interferes with the ANCEX field of activity. The text of resolution 1874 (2009) has also been published on the Agency's website. ANCEX has not yet been seized with an export licence request for the Democratic People's Republic of Korea.
