The decision banned the provision of bunkering and ship supply services and introduced measures to prevent certain specialized teaching or training.

On 27 March 2007, the Council of the European Union adopted Council Regulation (EC) No. 329/2007 concerning restrictive measures against the Democratic People's Republic of Korea.* The regulation banned the export of certain goods and technology, the import and purchase of goods and technology listed by the United Nations, the export of luxury goods and the provision of certain services, and provided legal ground for the freezing of funds and economic resources.
