It is noted that certain provisions within the scope of Security Council resolution 2094 (2013) did not require new European Union measures for implementation as the European Union had already taken similar measures on an autonomous basis at an earlier stage, in particular concerning a number of specific elements pertaining to the measures mentioned above.

With a view to ensuring uniform application of these measures by economic operators in all Member States, regulatory action at the level of the European Union has been taken in order to implement the measures of Council Decision 2013/183/CFSP falling under community competence:

**2. The following measure of Council Decision 2013/183/CFSP falling within the scope of Security Council resolution 2094 (2013) is implemented by Commission Implementing Regulation (EU) No. 370/2013 of 22 April 2013 amending Council Regulation (EC) No. 329/2007 concerning restrictive measures against the Democratic People's Republic of Korea:**

- Obligation to prevent the provision of financial services in relation to prohibited activities;
- Prohibition on the opening of new branches, subsidiaries or representative offices of the Democratic People's Republic of Korea banks in the territories of the Member States of the European Union, taking an ownership interest in banks under the jurisdiction of Member States, the establishment of correspondent banking relationships with banks under the jurisdiction of Member States and the maintenance of correspondent banking relationships with banks under the jurisdiction of Member States if Member States have information that provides reasonable grounds to believe that this could contribute to the nuclear or ballistic missile programmes of the Democratic People's Republic of Korea;
- Obligation to inspect all cargo to and from the Democratic People's Republic of Korea in the territory of Member States of the European Union, or transiting through their territory, or cargo brokered or facilitated by the Democratic People's Republic of Korea or Democratic People's Republic of Korea nationals, or persons or entities acting on their behalf, including at their airports and seaports;

- Obligation to deny entry into the ports of Member States of the European Union of any vessel that has refused to allow an inspection after such an inspection has been authorized by the vessel's flag State or if any Democratic People's Republic of Korea-flagged vessel has refused to be inspected pursuant to paragraph 12 of resolution [1874 \(2009\)](#);

The above-mentioned Council Regulations are binding in their entirety and directly applicable in Cyprus, as well as in all other Member States of the European Union.

The Ministry of Foreign Affairs of Cyprus duly informed all Ministries and competent authorities, as well as the Cyprus Bar Association and the Institute of Certified Public Accountants of Cyprus, of the adoption of Security Council resolution [2094 \(2013\)](#) and the above-mentioned binding European Union legal acts, requesting them to take all necessary action, where necessary, for their immediate implementation and to notify the Ministry of Foreign Affairs in the case of suspected infringements.

All Ministries and competent authorities issued relevant Circulars informing their personnel and all interested industrial bodies and companies about the existing United Nations/European Union restrictive measures against the Democratic People's Republic of Korea and warning them about the legal consequences in the case of non-compliance.

### **Certain implementing national measures**

Cyprus, for the purposes of compliance with the restrictive measures imposed against the Democratic People's Republic of Korea, has proceeded with the following in the field of maritime transport:

#### **I. National legislation**

The Council of Ministers issued, under section 3 of the Cyprus Ships (Prohibition of Transportation) Laws of 1966-1971, the prohibition order P.I. 151/2011, which regulates the prohibitions imposed by the relevant Security Council resolutions and European Union legal instruments on transportation.

Specifically, P.I. [151/2011](#) implements Security Council resolutions [1718 \(2006\)](#) and [1874 \(2009\)](#), as well as Council Decision 2010/800/CFSP and Council Regulation (EC) No. 329/2007 as amended, so as to prohibit the transportation by Cyprus ships of arms and related materiel and luxury goods to and from the Democratic People's Republic of Korea.

Under paragraph 4(2) of P.I. 151/2011, any subsequent implementing or amending European Union legal acts are binding and are to be communicated to the maritime sector and the public by virtue of a Circular.

## **II. Circulars issued by the Director of the Department of Merchant Shipping**

The Director of the Department of Merchant Shipping (DMS) issued the following DMS Circulars:

## **III. Consolidation of measures by virtue of a new prohibition order/ national legislation**

For the sake of clarity, a new prohibition order has been drafted in order to consolidate all prohibitions on transportation. The legal vetting of this prohibition order has already been successfully completed by the Law Office of the Attorney General and is expected to be issued by the Council of Ministers in September-October 2013.

This prohibition order seeks to implement the following:

- (i) Security Council resolutions [1718 \(2006\)](#), [1874 \(2009\)](#) and [2094 \(2013\)](#);
- (ii) Council Decision 2013/183/CFSP and its subsequent amendments;

In cases of importation, exportation or re-exportation of goods, the Department of Customs and Excise examines the documents required in order to determine whether there is a violation of the provisions of the relevant paragraphs of resolution 2094 (2013). Depending on the preliminary findings, the Department proceeds to the physical examination of the goods and if there are grounds of violation, further proceeds with the seizure of goods.

**Penalties imposed in case of infringement**

Council Regulation (EC) No. 329/2007 requires Member States to determine the penalties applicable to infringements of their provisions and provides sufficient legal basis for action to be taken against any person or entity violating its provisions.

Penalties determined by Cyprus are set out in the Criminal Code (chapter 154).
