**Security Council Committee established  
pursuant to resolution [1718 \(2006\)](#)****Note verbale dated 12 December 2016 from the Permanent  
Mission of Israel to the United Nations addressed to the Chair of  
the Committee**

The Permanent Mission of Israel to the United Nations has the honour to submit the following information on the national measures taken with a view to implementing Security Council resolution [2270 \(2016\)](#), in accordance with paragraph 40 of that resolution.

The State of Israel is fully committed to complying with and implementing Security Council resolutions adopted under Chapter VII of the Charter of the United Nations. Israel supports the endeavours of the Security Council to ensure international peace and security and reaffirms its readiness to cooperate with the Security Council Committee established pursuant to resolution [1718 \(2006\)](#).

The State of Israel is concerned about the continuous violations by the Democratic People's Republic of Korea of Security Council resolutions and considers resolution [2270 \(2016\)](#) to be an important step towards achieving that country's compliance with its international obligations.

Immediately after the adoption of resolution [2270 \(2016\)](#) by the Security Council, the Israeli Ministry of Foreign Affairs convened an interministerial meeting, with over 40 representatives from the various ministries and agencies that oversee the topics included in the resolution. Participants included representatives from the National Security Council, the Ministry of Justice, the Ministry of Transportation, the Ministry of Defence, the Ministry of Economy, the Bank of Israel and the Border Crossing Administration. At that meeting the respective obligations and responsibilities contained in the resolution were presented to the different bodies.

Israel is in a continuous process of strengthening and improving the implementation of resolution [2270 \(2016\)](#), including through inter-agency and interministerial outreach, international cooperation, experience-sharing with other governments and joint exercises.

The State of Israel has a reputable and internationally recognized legal framework which enables the implementation of arms embargoes and travel bans. Furthermore, Israel does not maintain diplomatic relations with the Democratic People's Republic of Korea. Israel has also enacted the Import and Export Order (Control of Goods Exported to the Democratic People's Republic of Korea), 5776-2015, according to which a person shall not export goods to North Korea without obtaining an export licence from the competent authority. In addition, the goods listed in the resolution are prohibited for export from Israel to North Korea and no export licence for them will be granted. The text of the above-mentioned order is attached to the present note verbale (see annex).

The Government of the State of Israel will continue to work diligently towards the full implementation of resolution [2270 \(2016\)](#) and assures the Panel of Experts of its full cooperation.
