**Report of Malta on the implementation of Security Council resolution [2321 \(2016\)](#)**

As a European Union member State, Malta has implemented the restrictive measures against the Democratic People's Republic of Korea imposed by the Security Council in resolution [2321 \(2016\)](#) following its transposition by the European Union, through:

(c) Ban on the leasing or chartering of vessels or aircraft, and on providing crew services, to the Democratic People's Republic of Korea;

(d) Prohibition on registering vessels in the Democratic People's Republic of Korea, obtaining authorization for a vessel to use the flag of that country and owning, leasing, operating, providing vessel classification, certification or associated services to, or insuring a vessel flagged by, the Democratic People's Republic of Korea;

Such European Union legal instruments, once adopted, are directly applicable in Malta's national context. Commission Implementing Regulation (EU) 2016/2215 of 8 December 2016 and Council Regulation (EU) 2017/330 of 27 February 2017 are implemented entirely through the Enforcement of European Union Sanctions (Democratic People's Republic of Korea) Regulations, Subsidiary Legislation 365.72, which establishes penalties for any breach of applicable sanctions. Implementing national authorities were also informed of these additional measures against the Democratic People's Republic of Korea and are regularly informed of any updates or amendments thereto.

The Malta Financial Services Authority regularly issues circulars to the compliance officers of all financial services licence holders to bring to their attention the issue of sanctions regulations issued by the United Nations, including those in respect of the Democratic People's Republic of Korea. Security Council resolutions are also uploaded to the Authority website. Licence holders are requested to report any action taken, including the freezing of assets under such requirements. So far, the Authority has not received any information from local financial institutions that any particular action has been needed in relation to sanctions measures regarding the Democratic People's Republic of Korea. No financial guarantees have ever been issued in favour of individuals or entities from the Democratic People's Republic of Korea.

With regard to export control, no authorization of any controlled item has ever been issued by the Department of Trade of Malta with the Democratic People's Republic of Korea being the ultimate beneficiary.

Moreover, all listed persons are entered in the national stop list according to the respective sanctions list, either to be refused entry when there is a travel ban or to be subject to discreet surveillance when financial/economic sanctions are in place.

Malta has had no cases involving the procuring of vessels from the Democratic People's Republic of Korea and none involving vessels that are owned, controlled or operated by that country or that were deregistered by another Member State and were previously owned by the Democratic People's Republic of Korea. Moreover, that country does not own immovable property in Malta. Searches conducted at the public registry indicate that the Democratic People's Republic of Korea has never owned or possessed any immovable property in Malta, nor does it hold any hypothecary rights in security of any credit owed by third parties.
