The Permanent Mission of Hungary to the United Nations presents its compliments to the Chair of the Security Council Committee established pursuant to resolution [1718 \(2006\)](#) and has the honour to transmit herewith the report of Hungary on the implementation of Security Council resolution [2371 \(2017\)](#) (see annex I) and the report of Hungary on the implementation of Security Council resolution [2375 \(2017\)](#) (see annex II).

**Annex I to the note verbale dated 16 February 2018 from the Permanent Mission of Hungary to the United Nations addressed to the Chair of the Committee**

**Report of Hungary on the implementation of Security Council resolution [2371 \(2017\)](#)**

Hungary and the other States members of the European Union have jointly implemented the restrictive measures against the Democratic People's Republic of Korea imposed by the Security Council in its resolution [2371 \(2017\)](#) by adopting the following common measures.<sup>1</sup>

**Common implementing measures**

1. Council Implementing Decision (CFSP) 2017/1459 of 10 August 2017 implementing Decision (CFSP) 2016/849 concerning restrictive measures against the Democratic People's Republic of Korea, implementing the designation of additional persons and entities (travel ban and asset freeze).
2. Council Decision (CFSP) 2016/849, which is binding for all States members of the European Union, orders a complete embargo on arms and related materiel to the Democratic People's Republic of Korea. This prohibition covers every item on the Common Military List of the European Union. The embargo applies to the export and import of these items as well as the related services.
3. Hungary applies the above-mentioned restrictions in line with the provisions of Government Decree No. 157/2017 concerning the licensing of military technology-related activities and certifications of undertakings, which ensures that every trade activity related to arms and related materials is subject to licensing and that a negative decision is mandatory, *inter alia*, for transactions contravening the international obligations of Hungary.
4. Based on the provisions of Council Regulation (EU) 2017/1509 of 30 August 2017 concerning restrictive measures against the Democratic People's Republic of Korea and repealing Regulation (EC) No. 329/2007, States members of the European Union have in place a strict prohibitive regime on the export of dual-use items to the Democratic People's Republic of Korea, which bans the export of any item contained in annex I to Council Regulation (EC) No. 428/2009 of 5 May 2009 setting up a Community regime for the control of exports, transfer, brokering and transit of dual-use items. Moreover, it designates other proliferation-sensitive items and materials that may contribute to the weapons of mass destruction- or missile-related programmes of the Democratic People's Republic of Korea.
5. Council Regulation (EU) 2017/1509 implements restrictive measures on conventional arms- and weapons of mass destruction-related items, which are to be determined in accordance with paragraphs 4 and 5 of Security Council resolution [2371 \(2017\)](#).
6. The catch-all policy enshrined in article 4 of Council Regulation (EC) 428/2009 also prevents the Democratic People's Republic of Korea from obtaining conventional arms-, weapons of mass destruction- and missile-related technologies from the European Union.

### **Penalties**

10. The above-mentioned Council Regulations are binding in their entirety and directly applicable in all States members of the European Union. Council Regulation (EU) 2017/1509 requires States members to determine the penalties applicable to infringement of their provisions.

11. The penalties determined by Hungary are set out in Act C of 2012 on the Criminal Code. Violation of the restrictive measures has criminal law consequences in the following cases:

- (a) Terrorist financing;
- (b) Violation of international economic restrictions;
- (c) Failure to report violations of international economic restrictions;
- (d) Criminal offences with military items and services;
- (e) Smuggling of illegal immigrants;
- (f) Facilitation of unauthorized residence.

12. In addition to the criminal law consequences, the government office of the capital city, Budapest, may impose a fine ranging from 100,000 to 5,000,000 forints on a person who negligently violates the obligation to respect foreign trade restrictions imposed by international sanctions.

**National institutions applying the financial and asset-related restrictive measures**

13. The National Assembly of Hungary adopted Act LII of 2017 on the implementation of financial and asset-related restrictive measures ordered by the European Union and the Security Council in May 2017, and the Act entered into force on 26 June. The Hungarian authorities apply the restrictive measures of the Security Council directly on the basis of the Act.

14. According to the provisions of the new Act, financial and non-financial service providers (determined by Act LIII of 2017 on preventing and combating money-laundering and terrorist financing) are obliged to prepare internal rules. In addition, the service providers must have a screening system that ensures the prompt implementation of targeted financial sanctions. Furthermore, the rules related to data protection, the exemption procedure and the prohibition on making funds or economic resources available and restrictions on the transfer of funds, as well as a special type of legal remedy, have been reviewed and clarified in the Act.

15. The Central Bank of Hungary, as a supervisory authority, informs directly the associations of the supervised service providers (e.g., the Hungarian Banking Association, the Hungarian Leasing Association, the Association of Hungarian Insurance Companies, the Association of Investment Services, the Association of Hungarian Investment Fund and Asset Management Companies, the Hungarian Venture Capital and Private Equity Association) about relevant changes to restrictive measures and sanctions.

16. As a new element of the legislative framework, as of 20 July 2017, sections 32–34 of Decree No. 19/2017. (VII. 19.) of the Central Bank contain provisions concerning the development of a screening system for the implementation of restrictive measures imposed by the European Union and the Security Council relating to funds and other financial interests, and the minimum requirements for the operation of the sanctions screening system.

17. On 18 September 2017, the Central Bank organized a professional workshop together with the Hungarian financial intelligence unit and the counter-terrorism information and criminal analyses centre. A total of 65 professionals of nine associations participated in the event and discussed the targeted financial sanctions (e.g., United Nations resolutions against the Democratic People's Republic of Korea).

18. Based on Act LII of 2017, the Hungarian financial intelligence unit is the central authority for the implementation of financial and asset-related restrictive measures. Regarding the sanctions related to the Democratic People's Republic of Korea, the unit introduced the following measures:

- (a) Published all the Security Council resolutions related to the Democratic People's Republic of Korea on its website;
- (b) Informed the bodies representing the service providers supervised by the unit about the sanctions.
