Twenty-third Meeting
New York, 10-14 June 2013

Report on budgetary matters for the financial periods 2011-2012 and 2013-2014

Presented by the Registrar of the International Tribunal for the Law of the Sea

I. Performance report for 2011-2012

1. In June 2010, the twentieth Meeting of States Parties approved a budgetary amount of €20,398,600 for the financial period 2011-2012 (SPLOS/217). With a view to providing the Tribunal with the necessary financial means to deal with cases in 2011-2012, in particular Case No. 16 and urgent cases requiring expeditious proceedings, the Meeting approved an amount of €4,519,200 under part C, “Case-related costs”. This amount was included in the total appropriation amounting to €20,398,600. The Meeting further decided that a floor rate of 0.01 per cent and a ceiling rate of 22 per cent would be used in establishing the rate of assessment for States parties for the budget of the Tribunal for 2011-2012.

2. As shown in the performance report for the financial period 2011-2012 (see annex I to the present report), the total expenditure for that period stands at €19,223,375, representing 94.24 per cent of the total appropriations (€20,398,600). This performance can be explained by the optimum use of resources based on an increased judicial workload. It may be noted that the appropriations approved for the financial period 2011-2012 were used to cover expenses relating to the hearing and the initial deliberations of the Tribunal as well as the meeting of the Drafting Committee in Case No. 18, a case on the merits which was filed in November 2010. In addition, one urgent request for provisional measures in Case No. 20 was submitted to the Tribunal on 14 November 2012 and the Tribunal delivered its order prescribing provisional measures in the case on 15 December 2012.

3. Under budget section 11, “Judges”, an overexpenditure of €133,422 occurred in the budget line “annual allowances”. This overexpenditure was mainly due to the fact that two judges whose term ended in September 2011 continued to sit in Case No. 16 in accordance with the Rules of the Tribunal (ITLOS/8) from October 2011 until March 2012. During that period the two judges continued to receive their annual allowance while their pension payments were suspended. Another factor

which explains the overexpenditure is the revision of the remuneration of the members of the Tribunal which occurred twice during the financial period, in January 2011 and January 2012. It should also be noted that the special allowance of the President was revised from \$15,000 per annum to \$25,000 per annum for the period from July to December 2012 in accordance with the decision of the Meeting of States Parties (see SPLOS/251, para. 35).

4. The overexpenditure under budget line 4, “special allowances”, in the amount of €33,814 is largely due to the increase in the daily subsistence allowance rate for Hamburg from €247 which was used in the 2011-2012 budget appropriations, to €255, effective 1 November 2010 and, then to €317, effective 1 October 2011. The overexpenditures totalling €167,236 under the budget lines “annual allowances” and “special allowances” were fully absorbed by the redeployment of appropriations in other budget lines under the same section, where savings were achieved. As a result this section shows a final balance of €89,918.

5. Under section 2, “Staff costs”, savings amounting to €384,905 were made, largely owing to vacant positions in the Registry during the period under review.

6. Section 3, “Representation allowance”, shows a negative balance of €105. This overexpenditure is entirely due to the depreciation of the euro against the United States dollar throughout the budget period. It is proposed that this overrun be financed by the savings from section 2, which shows savings of €384,905.

7. The budget line “miscellaneous services and charges (including bank charges)” under section 6, “Operating expenditures”, also shows an overexpenditure of €4,506. The overexpenditure is caused by the increasing charges levied by the banks on international transactions as well as the higher volume of transactions during the financial period under review compared with previous periods. This overexpenditure was fully absorbed by the redeployment of appropriations within section 6. Section 6 shows savings in the amount of €29,340.

8. It may be noted that, if the case-related costs are excluded, the performance rate for the financial period would be 96.64 per cent.

II. Report on action taken pursuant to the decision of the twenty-second Meeting of States Parties concerning the budget of the Tribunal for 2013-2014

9. In June 2012, the twenty-second Meeting of States Parties took the following decision (SPLOS/250, para. 1):

The Meeting of States Parties, having considered the draft budget proposals of the International Tribunal for the Law of the Sea for 2013-2014 (SPLOS/2012/WP.1), approved the amount of 21,239,120 euros as the budget of the Tribunal for 2013-2014, which represents a 3 per cent reduction of the proposed budget as it appears in annex I to the above-mentioned document.

10. Pursuant to that decision, the appropriations approved for 2013-2014 were reduced by €656,880 from the proposed amount (€21,896,000). At its thirty-fourth session, in September 2012, the Tribunal considered ways of achieving the reduction and decided:

(a) To decrease the budget lines under part A (Recurrent expenditure) and part B (Non-recurrent expenditure) by €234,600 as indicated below:

<i>Budget line</i>	<i>Object of expenditure</i>	<i>Amount of reduction (in euros)</i>
1.3	Travel to sessions	4 700
1.5	Judges' common costs	18 000
2.1	Established posts	77 400
2.5	Overtime	3 000
2.6	Temporary assistance for meetings	12 000
2.7	General temporary assistance	5 000
2.8	Training	3 000
4	Official travel	5 000
5	Hospitality	400
6.1	Maintenance of premises	60 000
6.2	Rental and maintenance of equipment	9 900
6.3	Communications	5 400
6.4	Miscellaneous services and charges	1 100
6.5	Supplies and materials	3 400
6.6	Special services (external audit)	6 000
7.1	Library — procurement of books and publications	5 000
7.3	External printing and binding	12 500
8.1	Purchase of equipment	2 800

(b) To effect decreases totalling €422,280 under part C (Case-related costs) as follows:

(i) Based on past performance, the provision for subsistence allowance for preparatory work is shortened from a total of 90 days (9 days for 10 judges) per urgent case to 20 days (5 days for 4 judges) per urgent case. This leads to a reduction of €31,073 per case and a total of €93,220 for the full budget period;

(ii) An additional amount of €329,060 is cut from the remainder of the appropriations envisaged for a third urgent proceeding (€713,360). After this cut, the amount of €384,300 (€713,360 minus €329,060) is still available to handle a third urgent proceeding. Should a third urgent case be submitted to the Tribunal, the amount equal to the reduction (€329,060) could be financed — to the extent that these expenses could not be met from part C (Case-related costs) or by transferring funds between appropriation sections — by the Working Capital Fund (the part of the Working Capital Fund specially devoted to cases amounts to €417,014).

11. A revised budget table for 2013-2014 reflecting the above reduction is contained in annex II to the present document.

III. Report on action taken pursuant to the Financial Regulations of the Tribunal

A. Surrender of cash surplus from the financial period 2009-2010

12. Pursuant to the information communicated to the Meeting of States Parties (see SPLOS/250, para. 2), an amount of €1,873,979 was surrendered to States parties and deducted from their contributions for 2013 and for earlier financial periods, where applicable, in accordance with regulation 4 of the Financial Regulations of the Tribunal.

B. Investment of funds of the Tribunal

13. In respect of the investment of funds of the Tribunal, regulation 9 of the Financial Regulations of the Tribunal stipulates the following:

9.1 The Registrar may make prudent short-term investments of moneys not needed for immediate requirements and shall inform the Tribunal and the Meeting of States Parties periodically of such investments.

[...]

9.2 Income derived from investments shall be credited to miscellaneous income or as provided in the rules relating to each fund or account.

14. In 2011 and 2012, the Tribunal's funds were kept in Chase Bank and Deutsche Bank in United States dollars and euros as short-term investments, which are investments made for less than 12 months according to rule 109.1 of the Financial Rules of the Tribunal. The funds yielded interest amounting to ~~€~~4,020 during 2011 and 2012. This earned interest has been credited as miscellaneous income in accordance with regulation 9.2 of the Financial Regulations of the Tribunal.

C. Trust fund for the law of the sea

15. At its twenty-eighth session, the Tribunal approved the Registrar's proposal to establish a trust fund for the law of the sea in accordance with the Financial Regulations of the Tribunal. The Registrar established the new trust fund for the law of the sea with the Deutsche Bank in Hamburg. The trust fund is intended to promote the advancement of human resources in developing countries in the law of the sea and maritime affairs in general. Contributions to be made to the trust fund will be used to give financial assistance for the participation of applicants from developing countries in the Tribunal's internship programme and the summer academy.

16. The first contribution to the trust fund, in the amount of €25,000, was made in 2010 by Korwind, a Hamburg-based company from the Republic of Korea working in the field of renewable energy. The Korea Maritime Institute made contributions of €15,000 in October 2011 and December 2012. Since July 2012 the trust fund has been used to support the Tribunal's internship programme and provide financial assistance to interns from developing countries. The performance of the Trust Fund up to 31 December 2012 can be summarized as follows (in euros):
