Report of the Fifth Committee

Rapporteur: Mr. Hicham **Oussihamou** (Morocco)

I. Introduction

1. At its 3rd plenary meeting, on 21 September 2018, the General Assembly, on the recommendation of the General Committee, decided to include in the agenda of its seventy-third session the item entitled “Scale of assessments for the apportionment of the expenses of United Nations peacekeeping operations” and to allocate it to the Fifth Committee.
2. The Fifth Committee considered the item at its 1st, 2nd and 26th meetings, on 9 and 10 October and 22 December 2018. Statements and observations made in the course of the Committee’s consideration of the item are reflected in the relevant summary records.¹
3. For its consideration of the item, the Committee had before it the report of the Secretary-General on the implementation of General Assembly resolutions [55/235](#) and [55/236 \(A/73/350\)](#).

4. At its 26th meeting, on 22 December, the Committee had before it a draft resolution entitled “Scale of assessments for the apportionment of the expenses of the United Nations peacekeeping operations” ([A/C.5/73/L.7](#)), submitted by Egypt, on behalf of the States Members of the United Nations that are members of the Group of 77 and China.

¹ [A/C.5/73/SR.1](#), [A/C.5/73/SR.2](#) and [A/C.5/73/SR.26](#).

5. At the same meeting, the representative of Egypt, on behalf of the States Members of the United Nations that are members of the Group of 77 and China, withdrew draft resolution [A/C.5/73/L.7](#).

6. At its 26th meeting, on 22 December, the Committee had before it a draft resolution entitled “Scale of assessments for the apportionment of the expenses of United Nations peacekeeping operations” ([A/C.5/73/L.9](#)), submitted by the Chair of the Committee on the basis of informal consultations coordinated by the representative of Estonia and Vice-Chair of the Committee.

7. At the same meeting, the Chair read out a statement in which she confirmed the understanding that, on an exceptional basis for the 2019–2021 scale period only, three countries in level B – the Bahamas, Bahrain and Saudi Arabia – would be afforded discounts of 7.5 per cent to their assessment rates, and that those discounts would be borne on a pro rata basis by the permanent members of the Security Council.

8. Also at the same meeting, the Committee adopted draft resolution [A/C.5/73/L.9](#) without a vote (see para. 10).

9. The representatives of the United States of America and the Russian Federation made statements after the adoption of the draft resolution.

III. Recommendation of the Fifth Committee

10. The Fifth Committee recommends to the General Assembly the adoption of the following draft resolution:

Scale of assessments for the apportionment of the expenses of United Nations peacekeeping operations

The General Assembly,

Recalling its resolutions [55/235](#) and [55/236](#) of 23 December 2000, [58/256](#) of 23 December 2003, [61/243](#) of 22 December 2006, [64/249](#) of 24 December 2009, [67/239](#) of 24 December 2012 and [70/246](#) of 23 December 2015,

Reaffirming the principles set out in its resolutions [1874 \(S IV\)](#) of 27 June 1963, [3101 \(XXVIII\)](#) of 11 December 1973 and [55/235](#),

Recalling its request to the Secretary-General, in paragraph 15 of its resolution [55/235](#), to update the composition of the levels of contribution of Member States for peacekeeping operations described in the resolution on a triennial basis, in conjunction with the regular budget scale of assessment reviews, in accordance with the criteria established in the resolution, and to report thereon to the General Assembly,

Having considered the report of the Secretary-General on the implementation of resolutions [55/235](#) and [55/236](#),¹

1. *Reaffirms* that the determination of the scale of assessments for the apportionment of the expenses of United Nations peacekeeping operations shall remain the prerogative of the General Assembly;

2. *Takes note* of the report of the Secretary-General¹ and of the updated composition of levels of contribution for peacekeeping operations for the period from 2019 to 2021 contained therein;²

3. *Reaffirms* the following general principles underlying the financing of United Nations peacekeeping operations:

(a) The financing of such operations is the collective responsibility of all States Members of the United Nations and, accordingly, the costs of peacekeeping operations are expenses of the Organization to be borne by Member States in accordance with Article 17, paragraph 2, of the Charter of the United Nations;

(b) In order to meet the expenditures caused by such operations, a different procedure is required from that applied to meet expenditures under the regular budget of the United Nations;

(c) Whereas the economically more developed countries are in a position to make relatively larger contributions to peacekeeping operations, the economically less developed countries have a relatively limited capacity to contribute towards peacekeeping operations involving heavy expenditures;

(d) The special responsibilities of the permanent members of the Security Council for the maintenance of peace and security should be borne in mind in connection with their contributions to the financing of peace and security operations;

(e) Where circumstances warrant, the General Assembly should give special consideration to the situation of any Member States which are victims of, and those

which are otherwise involved in, the events or actions leading to a peacekeeping operation;

4. *Also reaffirms* that assessment rates for the financing of peacekeeping operations should be based on the scale of assessments for the regular budget of the United Nations, with an appropriate and transparent system of adjustments based on the levels of Member States, consistent with the principles outlined above;

5. *Recognizes* the need to reform the current methodology for apportioning the expenses of peacekeeping operations, and desires to address the issue in an effective and expeditious manner;

6. *Reaffirms* that the permanent members of the Security Council should form a separate level and that, consistent with their special responsibilities for the maintenance of peace and security, they should be assessed at a higher rate than for the regular budget;

7. *Also reaffirms* that all discounts resulting from adjustments to the regular budget assessment rates of Member States in levels C to J shall be borne on a pro rata basis by the permanent members of the Security Council;

8. *Further reaffirms* that the statistical data used for setting the rates of assessment for peacekeeping should be the same as the data used in preparing the regular budget scale of assessments, subject to the provisions of the present resolution;

9. *Reaffirms* that the least developed countries should be placed in a separate level and receive the highest rate of discount available under the scale;

10. *Also reaffirms* the decision to create levels of discount to facilitate automatic, predictable movement between categories on the basis of the per capita gross national income of Member States;

11. *Decides* that, as from 1 January 2019, the rates of assessment for peacekeeping should be based on the 10 levels of contribution and parameters set forth in the table below:

16. *Reaffirms* that Member States will be assigned to the lowest level of contribution with the highest discount for which they are eligible, unless they indicate a decision to move to a higher level;

18. *Further reaffirms* that transition periods of two years will apply to countries moving up by two levels, and that transition periods of three years will apply to countries moving up by three or more levels without prejudice to paragraph 16 above;

19. *Reaffirms* that transitions as specified above will occur in equal increments over the transition period as designated above;

20. *Endorses* the updated composition of levels to be applied in adjusting regular budget scale rates to establish Member States' rates of assessment for peacekeeping operations for the period from 2019 to 2021;³

21. *Requests* the Secretary-General to continue to update the composition of the levels described above on a triennial basis, in conjunction with the regular budget scale of assessment reviews, in accordance with the criteria established above, and to report thereon to the General Assembly;

22. *Decides* to review the structure of the levels of the scale of assessments for the apportionment of the expenses of United Nations peacekeeping operations during its seventy-sixth session.
