the revised timelines and the total budget of 8,787,733 United States dollars approved for the project, and requests him to report thereon in the context of his final report;

6. *Requests* the Secretary-General, in the context of his final report, to include, inter alia, an analysis of updated and comprehensive information on lessons learned and best practices, including areas of contract and project management, as well as knowledge gained during the ongoing implementation of the remaining project activities for application, as appropriate, to other construction projects;

7. *Recalls* paragraph 14 of the report of the Advisory Committee, and requests the Secretary-General to continue his efforts to pursue the recovery of the direct and indirect costs arising from errors and delays by contracting partners, namely the architect and the contractor, where economically feasible to do so, and to report thereon in the context of his final report;

8. *Notes with concern* the intention of the contractor to contest the deduction in the amount of approximately 230,000 dollars from the final payment, and in this regard encourages the Secretary-General to make every effort to bring this matter to a swift conclusion;

9. *Encourages* the Secretary-General to continue his efforts to include local knowledge and capacity in the implementation of the project.
