*Strongly condemning* the grave deterioration of the human rights situation in the Syrian Arab Republic, the indiscriminate killing and deliberate targeting of civilians as such, including those involving the continued indiscriminate use of heavy weapons and aerial bombardments, which has caused more than 400,000 fatalities, including the killing of more than 17,000 children, the continued widespread and systematic gross violations, as well as abuses, of human rights and violations of international humanitarian law, including by the starvation of civilians as a method of warfare and the use of chemical weapons, including chlorine gas, sarin and sulphur mustard, which are prohibited under international humanitarian law, and acts of violence that foment sectarian tensions by the Syrian authorities against the Syrian population,

*Noting with deep concern* the culture of impunity for serious violations of international law and violations and abuses of human rights law committed during the present conflict, which has provided a fertile ground for further violations and abuses,
