The Permanent Representative of the Philippines participated in the subsequent discussion.

2. The main elements of the exchange of views among the members of the Working Group are summarized below:

(a) The members of the Working Group welcomed the report of the Secretary-General and the analysis and recommendations contained therein met with a favourable response;

(b) They also welcomed sustained efforts by the Government of the Philippines in the protection of children;

(c) They welcomed as a positive step the signing of an action plan by the Moro Islamic Liberation Front with the United Nations in July 2009;

(d) They expressed grave concern about the persistence of violations and abuses committed against children in the situation of armed conflict in the Philippines, and therefore stressed the need to reinforce the monitoring and reporting mechanism in the country, including by ensuring that the resources needed for the development and implementation of action plans are made available.

3. The Permanent Representative of the Philippines:

(a) Reiterated the commitment of his Government to the protection of children affected by armed conflict, highlighting some key developments in this regard, in particular the implementation of the Comprehensive Programme on Children Involved in Armed Conflict, the appointment of the Council for the Welfare of Children as a focal agency for monitoring and reporting violations and abuses committed against children, a study on resource mapping of services available for child victims, and the intention to establish a quick response team for the purposes of responding to, verifying and documenting reports of violations and abuses committed against children;

(b) Regarding the alleged violations committed by the Armed Forces of the Philippines, he assured the Working Group that his Government will remain untiring and vigilant in the investigation of these allegations. Finally, he stated that the Government of the Philippines will continue working with the United Nations and other stakeholders to protect the rights of children in the midst of armed conflict.
