Introduction

CUMULATIVE INDEX

1. This Cumulative Index supersedes the monthly Indexes published in the yellow pages of each issue of Volume 13 (1962). The monthly Indexes, which are separately paged and easily removable, may now be discarded.

2. All references in the Cumulative Index are to entry numbers in the monthly issues, since those entry numbers are grouped by agency, each entry number here is preceded by the official abbreviation of the name of the organization concerned (UN, Bank, FAO, Fund, etc.). The chart on page vii of this volume may be used to determine in which monthly issue a particular entry may be found.

3. This is a combined author and subject index, arranged alphabetically, word by word (e.g. national parks precede nationality). Abbreviated agency names (ACC, ICAO, ITU, etc.), where used, are filed as though spelled out, with cross references at the beginning of each letter of the alphabet and in the List of Abbreviations.

MONTHLY INDEXES

4. The United Nations Documents Index, prepared by the United Nations Library, New York, lists and indexes all documents and publications of the United Nations and the specialized agencies, except restricted (confidential) materials and internal papers. Each monthly issue covers, in general, the documents and publications received by the Library during the month. Some specialized agencies, however, have assumed responsibility for listing and indexing their own documents; the documents listed for those agencies are those published during the period covered and are not necessarily available at United Nations Headquarters at the time of their listing. Periodicals are listed annually in the February issue. Selected periodical articles are listed and indexed each month.

5. Each monthly issue comprises:
   (a) Table of Contents
   (b) Introduction
   (c) List of Abbreviations
   (d) List of Documents and Publications. Entries are arranged by issuing agency, the first section containing United Nations documents and succeeding sections those of the specialized agencies in alphabetical order of their abbreviated names (FAO, GATT, IAEA, ICAO, etc.). Documents are arranged, so far as possible, in alphabetical-numerical order by symbol, and each entry is numbered in a consecutive series, separate series of entry numbers being assigned to each agency. To assist the user, an asterisk (*) distinguishes those documents and publications which summarize the work of an organ, represent the final results of conferences or research projects, or constitute works of reference such as bibliographies, handbooks and yearbooks. For each agency, the list of documents and publications may be followed by one or more of the following lists:
   (1) Periodical articles, selected from periodicals published or received during the month
   (2) Reproductions
   (3) Publications sales numbers
   (4) Index. This is superseded by the present Cumulative Index.
   (5) List of documents and publications issued in languages other than English.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

6. Information concerning the documentation systems of the United Nations and each of the specialized agencies, and the availability of their documents and publications is contained in the note preceding the respective sections of the list of documents and publications in the January issue. Consolidated lists of depository libraries and sales agents of the United Nations and the specialized agencies appeared as document ST/LIB/4.

7. Requests for documents and publications or for information about them should be addressed to the issuing agency. Thus, inquiries concerning materials published by the specialized agencies should be addressed to the respective agencies (FAO, GATT, IAEA, ICAO, etc.), and not to the United Nations. Requests for documents should stipulate that the request includes revisions, addenda and corrigenda.

SUBSCRIPTION

8. The United Nations Documents Index is published monthly at an annual subscription rate of U.S. $7.50, 54/- stg., Sw.fr. 22.00, post-free. Single copies are available at U.S. $0.75, 5/- stg., Sw.fr. 3.00. Subscriptions may be placed with the sales agents of United Nations publications (listed on back cover). Orders and inquiries from countries without a sales agent may be addressed to the Sales and Circulation Section, United Nations, New York, or to the Sales Section, European Office of the United Nations, Geneva, Switzerland.
Notice explicative

INDEX CUMULATIF

2. Dans tous les cas, l'index cumulatif renvoie aux numéros figurant dans les listes mensuelles. Ces numéros étant groupés par organisation, chaque numéro est précédé de l'abréviation officielle du nom de l'organisation intéressée (UN, Bank, FAO, Fund, etc.). On peut se reporter au tableau figurant à la page vii du présent volume pour déterminer dans quelle liste mensuelle trouver tel ou tel numéro.

3. C'est un index unique par auteur et par sujet. Les noms sont classés dans l'ordre alphabétique par mot, par exemple "national parks" précède "nationality". Les sigles des institutions spécialisées (ACC, ICAO, ITU, etc.), sont classés, le cas échéant, comme si le nom était écrit en toutes lettres avec renvois au commencement de chaque lettre de l'alphabet et dans la liste des abréviations.

INDEX MENSUELS

5. Chaque index mensuel comprend:
   (a) Une table des matières
   (b) Une notice explicative
   (c) Une liste des abréviations
   (d) Un répertoire des documents et des publications, classées par organisation. Les documents de l'ONU précédant ceux des diverses institutions spécialisées, rangées dans l'ordre alphabétique anglais de leurs abréviations (FAO, GATT, IAEA, ICAO, etc.). Les documents sont classés, autant que possible, dans l'ordre alphabétique et numérotés de leurs cotes et sont numérotés les uns à la suite des autres, par série, chaque institution spécialisée ayant la sienne. Pour guider le lecteur, on a fait précéder d'un astérisque (*) la cote des documents et publications qui résument les travaux d'un organe, exposent les résultats de conférences ou de travaux de recherches ou sont des ouvrages de référence, tels que bibliographies, manuels et annuaires. Pour chaque organisation, la liste des documents et publications peut être suivie de répertoires tels que:

   (1) Articles sélectionnés dans des périodiques parus ou reçus dans le courant du mois.
   (2) Rééditions.
   (3) Numéros de vente des publications.

Les deux derniers répertoires sont présentés sous forme de tableaux avec le minimum d'explications, le répertoire principal donnant des renseignements bibliographiques détaillés.

(e) Index mensuel. L'index est remplacé par le présent index cumulatif.
(f) Liste des documents et publications parus dans des langues autres que l'anglais.

DISPONIBILITE DES DOCUMENTS ET PUBLICATIONS

6. On trouvera, dans les notes liminaires à chacune des sections - consacrées soit aux Nations Unies, soit aux institutions spécialisées - du répertoire de janvier, tous renseignements utiles sur les modes de classement utilisés et sur la possibilité de se procurer les textes dont il s'agit. La liste des bibliothèques et librairies dépositaires des publications de l'ONU et des institutions spécialisées figure dans le document ST/LIB/4.

7. Les commandes de documents et de publications ou les demandes de renseignements doivent être adressées aux organisations responsables. Ainsi, les demandes concernant les documents publiés par les institutions spécialisées doivent être adressées à l'institution compétente (FAO, GATT, IAEA, ICAO, etc.), et non à l'Organisation des Nations Unies. Dans toute demande de documents, préciser si l'on désire les révisions, les additifs et les rectificatifs.
